California Interagency Council on Homelessness (Cal ICH)
Family Homelessness Challenge Grant, Round 2 (FHC-2)
Request For Applications (RFA)

I. GRANT OVERVIEW

Background and Authority

Under Chapter 8 of Part 1 of Division 31 of the California Health and Safety Code (sections 50255 et seq.), the Family Homelessness Challenge Grant (FHC) was established for the purpose of providing one-time grants and technical assistance to local jurisdictions and continuums of care to address and end family homelessness. The program includes two rounds of funding. On June 24, 2022, the California Interagency Council on Homelessness (Cal ICH) awarded \$17 million in FHC-1 grants to 10 communities. This RFA marks the release of the second, final round of funding (FHC-2) available to eligible FHC-1 grantees.

The matters set forth in this NOFA are considered regulatory mandates, and are adopted in accordance with the authorities set forth below:

Health and Safety Code section 50256, subdivision (e) states: "In administering this chapter, the council shall not be subject to the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

Additionally, "Quasi-legislative regulations ... have the dignity of statutes ... [and]... delegation of legislative authority includes the power to elaborate the meaning of key statutory terms..." *Ramirez v. Yosemite Water Co.*, 20 Cal. 4th 785, 800 (1999)

Cal ICH reserves the right, at its sole discretion, to suspend or amend the provisions of these Guidelines, including, but not limited to, grant award amounts.

Eligible Applicants

- **Only eligible FHC-1 grantees may compete for the second round of funding (FHC-2).**
- To be considered eligible to apply for FHC-2, an awarded FHC-1 grantee must remain in compliance with FHC requirements and demonstrate adequate progress toward their self-identified, prioritized objective, and demonstrate the most promising and

innovative practices which could be scaled and replicated to support statewide efforts to eliminate family homelessness.

Population to Serve

- FHC-2 funds may only be used for proposals serving **family households with dependent minors** that are **experiencing homelessness**.
 - Family households with dependent minors may include but is not limited to pregnant parents, parenting youth, households engaged in reunification and/or child welfare services.
 - Homeless is defined in Section 578.3 of Title 24 of the Code of Federal Regulations, as that section read on May 1, 2018.¹

Available Funds for This Round

This RFA is for Round 2 of funds totaling \$15 million (FHC-2).

Shared Objective of These Funds

1. FHC-2 Objective

The FHC-2 program seeks to fund current eligible FHC-1 grantees who submit an innovative proposal that expands, complements, augments, and/or strengthens their FHC-1 proposal by making families' experiences of homelessness rare, brief, and one-time.²

- **Rare:** Prevented whenever possible
- **Brief:** Ended quickly whenever it does occur through a focus on Housing First approaches and housing outcomes
- **One-time:** Ended successfully the first time

An **innovative** proposal complements, augments, or strengthens a community's efforts to address and end family homelessness. Innovative is relative to a community's existing efforts (if any); it does not necessarily mean a paradigm shift. For example, to reduce the length of time a household remains homeless and lessen potential returns to homelessness, a community may seek to augment existing housing navigation efforts specifically for family households with dependent

minors. Furthermore, proposals should demonstrate potential for being scaled and replicated to support statewide efforts to eliminate family homelessness.

2. Self-Identified, Prioritized Objective

Applicants shall present an innovative proposal that includes a self-identified prioritized objective that aligns with their FHC-2 objective (i.e., rare, brief, and / or one-time). For example, one proposal may focus on making an impact on “rare” and “brief” whereas another proposal focuses primarily on “one-time.” Proposals will be scored on the **likelihood of making a strong impact upon their self-identified, prioritized objective.**

HSC section 50259 details specifications related to the data elements that needs to be reported.

The grantee shall submit quarterly expenditure reports to Cal ICH in a form and method provided by Cal ICH that includes the ongoing tracking of funds. These reports will also require grantees to discuss whether there is reasonable, sufficient progress towards their self-identified, prioritized objective. Grantees may also receive ad hoc requests for information from Cal ICH or its contractors in support of program monitoring, research, and evaluation.

At the end of the grant period, or upon request by Cal ICH, all grantees shall provide information and products developed with grant funds on service delivery models in support of the overall program goal to make family homelessness rare, brief, and one-time, including any materials that may be necessary to study the program or replicate it for implementation across the state.

Budget Modifications

Grantees may request to revise their approved budgets on file with Cal ICH through a Budget Change Request. Grantees may submit a Budget Change Request with the regular quarterly reports. If a modification is needed in between reports, a grantee should reach out the Cal ICH at calichgrants@bcsh.ca.gov.
