

Greetings Supervisors, CEO and Planning Dept. folks,

Although, I am a constituent of Ted Williams I feel it would be good to share my thoughts to you all. Number one I very much support the Carbon Free Mendocino Resolution. Secondly, in knowing the water and housing issues are at critical points for our county here is one approach that reduces extracting raw materials and utilizes waste while at the same time giving poor folks a way to create beautiful and durable living spaces. As an earth builder myself I highly recommend Cob. For a good definition and of how Cob was reborn here on the pacific northwest

-

Also please do check out article here about Sonoma county's, Michael Elliott. I believe he would be able to offer a free consultation too.

Thank you for listening and for your service to our beautiful county.

Francesca Ciancutti
