

Dear Board of Supervisors,

I am writing to you because I believe that blocking off todd point, access to the trails along the ocean, local beaches is a big hardship on the coast.

Prior to these restrictions people WERE keeping social distance wearing masks etc but yet able to whale watch and exercise next to our beautiful neighbor of the pacific ocean.

For me it's quite difficult to walk in my neighborhood, it's unpaved and all the roads are private often I'm trespassing.

I understand that tourists could be a problem but with no hotels or campgrounds open I don't see the problem with opening the trails.

Respectfully submitted

Sincerely Yours, A.B.
