

If granny can go to the store and buy food with Tanfor snap stamps then why is there not supplementary carrying package bag or even box available when they check out.

Witnessed at Ukiah rallies
Customer service clerk asked to help,
They sourly avoided providing them.

Management enacted when sought
She/he/her ?they*!
Denied assistance requested again after.
Scoffing snickerish that the customer was poor, indications led to think they were prejudice
against their scent of individual and thus non compliant to assist fairly 30 cents in baggage.
And rudeness from absence walk off.
District wide enforce and newsletter including punishments of violations.

Aren't places required to provide this help?! paper or other supplementary carry for their Tanf
snap benefit/voucher redeemers

I was granny, and I'm upset with the administration's unt-ruley (?!*7"vacant"+j deficient)
authoritative re'!funct*!
