RE: ADOPTION OF RESOLUTION ESTABLISHING THE TOTAL MILEAGE OF COUNTY
MAINTAINED ROADS AT 1,017.81 MILES AS OF DECEMBER 31, 2021 (COUNTY
WIDE)

Honorable Board Members:

Applicable provisions of the California Streets and Highways Code require that in May of each year, each County shall submit to the California Department of Transportation (Caltrans) any changes to the adopted County Maintained Road mileage during the previous calendar year. In compliance with these provisions, the Mendocino County Department of Transportation (MCDOT) has prepared the required documentation.

MCDOT has recalculated the mileage for County Maintained Roads using current segment length measurements and the most recent functional classifications and has determined that the total mileage is 1,017.81 miles as of December 31, 2021, which is 0.95 miles more than reported last May. This includes the addition of two segments of North Main Street in Willits (0.41 miles and 0.54 miles in length), now County Road 300, which were relinquished from Caltrans to Mendocino County on August 12, 2021.

Upon adoption of the Resolution, MCDOT will forward the required certifications to Caltrans for its review and processing.

I will, of course, respond to any questions that you may have.

Respectfully submitted,

HOWARD N. DASHIELL
Director of Transportation
