Subject: Cannabis sales in Mendocino Town

To the Board

It has come to my attention that there has been a misrepresentation on a petition submitted to the Board opposing the granting of a business license to conduct adult sales of cannabis in Mendocino Town.

The petition was signed by Erin Sholly, using the name of Corners Of The Mouth. As a member of the Council of Corners Of The Mouth Foodstore, I want to clearly state that Miss Scholl does not speak for the Collective of Corners Of The Mouth, and any attempt to use her signature on this petition as an approval by the business itself is a gross misrepresentation. The Board Of Supervisors must delete any reference to Corners Of The Mouth from that petition.

Personally, I strongly support the business in it's plan to open on Main Street in Mendocino, but I speak only as a private citizen. Miss Scholl also speaks only as a private citizen, as is her right.

David (Garnish) Daly
