RE: Hopland Public Utility District

Dear Ms. Bartolomie:

I recently attended a Hopland Public Utility District meeting and it is my understanding that the County Board of Supervisors are prepared to appoint a person to the Hopland Public Utility District to fill a vacated seat of a director board member who has moved out of the area. I have interest in being appointed to the board. I am a resident of Hopland and registered to vote. I have 30+ years experience in all phases of real estate from raw land development to residential tracts to commercial development of land for industrial, retail and office uses. I have a strong interest in the sustainability of our natural resources and believe that I can add to the board with my diverse real estate background.

Thank you for the consideration of my interest to be appointed to the Hopland Public Utility District.

Best Regards,
