Will your organization be applying for funds under the ESG-CV Round 2 NOFA?

Yes

Has your jurisdiction been negatively impacted by the 2020 wildfires and is submitting the ESG-CV (Round 2) application by the extended deadline of November 4, 2020?

Yes

Please provide an explanation of how the 2020 wildfires have negatively impacted your jurisidiction's ability to submit the ESG-CV Round 2 application by the October 28, 2020 deadline.

One of our three CoC Support Staff members was reassigned to our County's Disaster Operations Center (DOC) to run an evacuation shelter, needed as a result of the August Complex Fire that impacted multiple counties, including Mendocino County. This required the other two staff members to take on the reassigned staff members' duties, causing delays in their abilities to keep up with their normal demands. As a result, the staff member responsible for completion and submission of the ESG-CV Round 2 application requires more time to complete the application.

Please check here to self-certify that your jurisdiction has been negatively impacted by the 2020 wildfires and is therefore submitting the ESG-CV Round 2 application by the extended deadline of November 4, 2020.

Yes, our jurisdiction has been negatively impacted by the 2020 wildfires and will submit our application by the Nov. 4 deadline

Section XXII. Tribal Nations

HCD is supporting grantees that prioritize partnerships with Tribal Nations to address homelessness in tribal communities.

Yes

Please answer the following questions to indicate how your organization and CoC are working to find solutions to homelessness within Tribal Nation land. Tribal Nations are federally recognized Native American tribes in the United States and listed in the federal register.

This is an area we have not successfully navigated in the past. Tribal Nations are contacted by specific members of the CoC Homeless Point in Time Count to gather information on the number of people experiencing unsheltered homelessness on Tribal Lands. Northern Circle Indian Housing Authority (NCIHA) is a locally based nonprofit organization that is a newly joined member of the local Continuum of Care, and is also on the CoC's Strategic Planning Committee. Consolidated Tribal Health Project (CTHP) is a locally operated medical center that targets care to Native Americans. Both NCIHA and CTHP have offered to act as liaisons to the local Tribal Nations when the CoC and Mendocino County HHSA are ready to conduct formal outreach to these communitites.

What supports is your organization and the CoC providing to organizations committed to finding solutions to homelessness within Tribal Nation land?

We plan to ensure Emergency Shelter Essential Services Funding for Housing Navigation activities is provided to organizations that are part of or serve Tribal Nations. This will begin the process of assessing what the needs of individuals experiencing homelessness within Tribal Lands and create a relationship between the CoC and these Tribal Service Providers to work together to identify solutions to homelessness unique to Tribal areas.

How is your organization and the CoC partnering with Tribal Nations to address homelessness? Check all that apply:

In compliance with 24 CFR 576.400, The Department requires that Grantees establish and consistently apply written standards for providing ESG assistance. To ensure that activities being paid for with ESG-CV funds are eligible, the Grantees should evaluate the need to update written standards, as applicable, to:

2) Adapt coordinated entry policies and procedures to account for social distancing measures or increased demand,
3) Develop a strategy and recruit landlords to provide housing to people experiencing homelessness or at risk of homelessness,

5) Implement a non-congregate shelter strategy to reduce the spread of coronavirus.

Please check here to confirm you have read the above and agree to update written standards as needed and in accordance with any current and anticipated guidance from HUD.

Note:

Race estimates of individuals in families with children are based on the race of the householder.

Youth counts from the ACS data are rollups of race estimates of the number of households with householders under 25 years old, a proxy for unaccompanied youth. Youth counts from the PIT data are estimates of the number of unaccompanied youth and parenting persons under 25 years old.
