

Hello Board of Supervisors!!

PLEASE take a moment to read MCA's most recent recommendations. Especially the additions since your 4/19 meeting.

IT REALLY MEANS A LOT TO OUR COMMUNITIES that you hear us. MCA speaks for many responsible, passionate, well intended locals who care to see our county thrive.

Your jobs are so important right now.

Thank you for taking them seriously and for spending the time it takes to understand the subject of cannabis cultivation, so that you may create a successful & functional ordinance for our communities.

I'm in FULL support of MCA's most recent recommendations since the 4/19 meeting.
PLEASE READ THEM IN FULL.

Thank you for your time.
