Section 7.

The title of Chapter 20.458 of the Mendocino County Code is hereby amended to read as follows:

Chapter 20.458 - ~~SECOND RESIDENTIAL~~ ACCESSORY DWELLING UNITS

Section 8.

Section 20.458.005 of the Mendocino County Code is hereby amended to read as follows:

Sec. 20.458.005 - Declaration.

The intent of this chapter is to regulate the creation of ~~second residential accessory dwelling~~ units in all zones within the unincorporated areas of the Coastal Zone of Mendocino County as required by Section 65852.2 of the California Government Code, as amended. Section 65852.2 establishes specific requirements for the regulation of accessory dwelling units with the goal of increasing statewide availability of smaller, more affordable housing units. In accordance with Section 65852.2, accessory dwelling units are not considered new residential units for the purpose of calculating residential density. This chapter is intended to protect coastal resources when regulating accessory dwelling units in the Coastal Zone, while also complying with the standards in Section 65852.2 to the greatest extent feasible.

Section 9. Section 20.458.010 of the Mendocino County Code is hereby amended in its entirety to read as follows:

~~Sec. 20.458.010 - Prohibition.~~

ATTACHMENT D

~~The creation and/or construction of a second residential unit as defined in Section 65852.2 of the California Government Code is prohibited. This prohibition does not apply in the Town of Gualala Plan planning area and to farm employee housing, farm labor housing, family care units, dwelling groups or residential clustering where such dwelling units are specifically provided for in other sections of this Division.~~

Section 20.458.010 - Cap on Number of Accessory Dwelling Units.

~~The number of permitted accessory dwelling units within the Coastal Zone outside of the Gualala Town Plan area shall be limited to five hundred (500) units. Junior accessory dwelling units are exempted from this cap.~~

~~Any change to the cap on the number of accessory dwelling units shall require a Local Coastal Program amendment. Prior to a Local Coastal Program amendment to modify the cap, a traffic analysis shall be prepared to evaluate impacts associated with future growth on the capacity of State Route 1 in the Coastal Zone of Mendocino County.~~

~~Within the Gualala Town Plan area, a maximum of one hundred (100) accessory dwelling units shall be permitted. When this number has been reached, a review shall be conducted to determine if accessory dwelling units are meeting the intent of providing additional affordable housing and whether additional accessory dwelling units can be accommodated. Any change to the maximum number of accessory dwelling units in the Gualala Town Plan area shall require a Local Coastal Program amendment.~~

Section 10. Section 20.458.015 of the Mendocino County Code is hereby amended in its entirety to read as follows:

Sec. 20.458.015 -- Findings.

~~Section 65852.2 of the California Government Code authorized a local agency to establish, by ordinance, designated areas where second residential units may be permitted. This section further provides that the designation of such areas may be based on criteria including, but not limited to, the adequacy of water and sewer services, and the impact of second units on traffic flow.~~

~~Additional criteria which the Board of Supervisors determines to be applicable to the designation of areas for second units in the Coastal Zone of Mendocino County further include the regulation of second units by the California Coastal Commission and the policies of the Coastal Element of the General Plan, adopted in conformance with and pursuant to the provisions of Public Resources Code Section 30000 et. seq.~~

~~Of particular importance to the Board of Supervisors, and one of the main purposes for this Chapter, is that the Coastal Element does not include provisions for second residential units. It is fully the intent of the Board of Supervisors to initiate an amendment to the Coastal Element of the General Plan to provide for construction of second residential units within appropriate areas of the Coastal Zone.~~

~~When considering appropriate locations for the designation and allowance of second residential units, the Board intends to address the following issues:~~

- ~~(1) The adequacy of water, based upon the findings of the Coastal Groundwater Study;~~
- ~~(2) Minimum parcel sizes and general soil characteristics to assure adequacy of septic capability;~~

ATTACHMENT D

~~(3) Potential traffic impacts, based upon existing development patterns, urbanizing areas, and highway capacity studies in progress.~~

~~The Board of Supervisors reluctantly concluded in 1985 that the development of second units in the unincorporated Coastal Zone of Mendocino County, in excess of those allowed pursuant to the provisions of the Coastal Element and this Division, may have adverse impacts on the public health, safety, and welfare, including water supply, septic capability and traffic.~~

~~The Board further finds and declares that the prohibition of second residential units at this time shall not be construed to mean that there are no suitable areas in the Coastal Zone where second residential units could be constructed. The Board recognizes that an absolute prohibition on second units will limit housing opportunities of the region. Therefore, this prohibition is only considered temporary until such time as the issues identified above can be adequately resolved to assure that there will be no adverse impacts to the public health, safety and welfare.~~

Section 20.458.015 - Permit.

~~Accessory dwelling units or junior accessory dwelling units may be permitted in any zone that allows residential uses. Accessory dwelling units or junior accessory dwelling units may be permitted in accordance with one of the following determinations:~~

- ~~(A) Determined to be exempt from the requirement to obtain a coastal development permit pursuant to Section 20.532.020; or~~
- ~~(B) Determined to meet the criteria for a coastal development ministerial permit pursuant to Section 20.532.015(B); or~~
- ~~(C) Determined to require a coastal development permit pursuant to Section 20.532.015 (A) or (E).~~

Section 11. Section 20.458.020 of the Mendocino County Code is hereby amended in its entirety to read as follows:

Sec. 20.458.020 – Gualala Town Plan Second Residential Units.

~~Second residential units are permitted within the Gualala Town Plan area and are intended to provide affordable housing opportunities for long term residential use within an area which is served by public water and sewer systems and is close to the service and employment center of Gualala. Second residential units are not intended to be used for transient habitation or as a visitor-serving accommodation of any kind. The provisions allowing for second residential accessory dwelling units are intended to encourage development of as much affordable housing as possible within the Gualala Town Plan area.~~

- ~~(A) **Permit requirement.** A standard Coastal Development Permit shall be required for all second residential units.~~
- ~~(B) **Number of Second Residential Units.** Notwithstanding other provisions of the Local Coastal Program that limit the number of residences to one (1) per unit per parcel, a maximum of one hundred (100) second residential units shall be permitted within the Gualala Town Plan area. When this number has been reached, a review shall be conducted to determine if second residential units are meeting the intention of this section and whether additional second residential units can be accommodated. Any~~

ATTACHMENT D

~~change to the maximum number of second units shall require a Local Coastal Program Amendment.~~

~~(C) Permitted locations for Second Residential Units.~~

- ~~(1) Notwithstanding other provisions of the Local Coastal Program that limit the number of residences to one (1) per unit per parcel, second residential units shall be permitted on all legal parcels within the Gualala Town Plan area, with the exception of parcels located west of Highway 1, up to a maximum of one hundred (100). Second residential units shall not be permitted on parcels located west of Highway 1.~~
- ~~(2) Second residential units shall only be constructed on parcels containing an existing single-family dwelling unit used for non-transient habitation or on parcels for which an application has been made for building permits for a primary residence.~~
- ~~(3) Second residential units shall not be allowed if more than one dwelling unit is located on the parcel, or if an accessory residential unit (guest cottages, detached bedrooms) currently exists on the parcel.~~
- ~~(4) Second residential units shall not be allowed on parcels where a dwelling group or parcel clustering has been approved.~~

~~(D) Specific Standards for Second Residential Units.~~

- ~~(1) All second residential unit permits shall require that a deed restriction be recorded to ensure that all dwellings on the property will be used for non-transient habitation. Second residential units are not intended for sale separate from the primary residence but may be rented for long-term occupancy.~~
- ~~(2) On parcels that are less than ½ (0.5) acre in size, second residential units shall be attached to the primary residence or as a second-story to a detached garage.~~
- ~~(3) Detached second residential units shall be restricted to a maximum size of nine hundred sixty (960) square feet.~~
- ~~(4) Attached second residential units shall be restricted to a maximum size of five hundred (500) square feet.~~
- ~~(5) Second residential units shall comply with all setback, lot coverage, height, parking and other requirements of the base zoning district.~~
- ~~(6) Either a hook-up to the North Gualala Water Company or an adequate on-site water system, as approved by the Division of Environmental Health, shall be available to serve the second residential unit.~~
- ~~(7) Either a hook-up to the Gualala Community Services District or an adequate on-site sewage disposal system, as approved by the Division of Environmental Health, shall be available to serve the second residential unit.~~

Section 20.458.020 - General Standards for Accessory Dwelling Units and Junior Accessory Dwelling Units.

Accessory dwelling units (ADUs) and junior accessory dwelling units (JADUs) shall conform to the following standards:

ATTACHMENT D

- (A) An ADU or JADU shall only be permitted on a parcel that either contains an existing single-family dwelling or for which a building permit has been issued for the single-family dwelling.

 - (1) In the coastal zone use of an ADU or JADU as a vacation home rental or by transient guests shall be prohibited. Existing licensed vacation home rentals in legal, non-conforming ADUs shall be phased out as business licenses are abandoned or expire. Vacation home rental licenses shall not be transferable to another location, person, or entity, except that the property owner may transfer the license to a spouse/domestic partner, child, parent, or, for estate planning purposes, to a trust in which the property owner serves as a trustee, which shall not be deemed a change of ownership for purposes of Section 6.04.070(g) of the County Code.
 - (2) Prior to obtaining a building permit for an ADU or JADU, a deed restriction, approved by the County, shall be recorded with the County Recorder's office, which shall include the pertinent restrictions and limitations for the ADU and/or JADU, which shall run with the land, and be binding upon any future owners, heirs, or assigns.
 - (3) See Section 20.458.035(F) for restrictions on use of ADUs and JADUs as vacation home rentals in the Gualala Town Plan area.

Section 12. A new Section 20.458.025 is added to the Mendocino County Code as follows:

Section 20.458.025 - Specific Standards for Accessory Dwelling Units.

ADUs are subject to the following specific standards and criteria:

- (A) In the coastal zone outside of the Gualala Town Plan area, an ADU shall not be allowed if more than one (1) dwelling unit (including farm employee housing, farm labor housing, temporary family care unit, but not including a JADU) is located on the parcel, or if there currently exists more than one guest cottage or detached bedroom on the parcel.
- (B) ADUs shall conform to height, setback, lot coverage, site plan review, fees, charges and other zoning requirements generally applicable to residential construction within the zone in which the ADU is located with the following exception:
 - (1) An existing legally-authorized garage which does not meet setback requirements may be converted to an ADU and would not be considered an expansion of a

ATTACHMENT D

legal, non-conforming use unless the conversion increases the non-conformity of the structure.

(C) ADUs are subject to the following floor area limitations:

(1) For a detached ADU, total floor space may not exceed 1,200 square feet.

(2) For an attached ADU, total floor space may not exceed 1,200 square feet or 50 percent of the floor space of the existing single-family dwelling, whichever is less.

(3) Floor area limitations for ADUs in the Gualala Town Plan area are established in Section 20.458.035.

(D) See Section 20.458.035 for additional and more restrictive standards for ADUs on properties within the Gualala Town Plan area.

All new development associated with an ADU (well, water storage, septic improvements, parking and driveways, vegetation removal for fire safety, etc.) must also be located more than 100 feet from the boundary of an Environmentally Sensitive Habitat Area. An exception to this requirement may be authorized through the administrative or standard coastal development permit process in circumstances where the development is consistent with the standards established in Chapter 20.496.
- (B) An ADU may not be located within 125 feet of the edge of a coastal bluff unless contained entirely within an existing legally-authorized structure. An exception to this requirement may be authorized through the standard coastal development permit process where the development is consistent with the standards established in Chapter 20.500.
- (C) An ADU may not be located within a Highly Scenic Area unless the ADU would not be visible from public areas including highways, roads, coastal trails, vista points, beaches, parks, coastal streams, and waters used for recreational purposes. An exception to this requirement may be authorized through the standard coastal development permit process in circumstances where the development is consistent with the standards established in Chapter 20.504.
- (D) An ADU may not be permitted if the total amount of grading associated with construction of the ADU is more than 20 cubic yards. An exception to this requirement may be authorized through the administrative or standard coastal development permit process, as applicable, in circumstances where the grading is consistent with the standards established in Chapter 20.492.
- (E) The following standards are established for the protection of agricultural and timber resources in the Coastal Zone:
- (1) On parcels zoned AG, RL, FL or TPZ, a detached ADU may only be permitted, if it is located within 150 feet of existing legally-authorized structures.

An exception to this requirement may be authorized through the administrative or standard coastal development permit process, as applicable, in circumstances where the applicant can demonstrate through consistency with the Supplemental Findings contained in Section 20.532.100(A)(2) and (B), as applicable, that the ADU will not impact the long-term productivity of the agricultural land and that the ADU is compatible with the commercial growing and harvesting of timber.
 - (3) On parcels zoned FL and TPZ, an ADU may only be permitted in locations where no timber removal is necessary. An exception to this requirement may

be authorized through the administrative or standard coastal development permit process, as applicable, in circumstances where the applicant can demonstrate through consistency with the Supplemental Findings contained in Section 20.532.100(A)(2) that the ADU will not impact the long-term productivity of soils and timberlands and that the ADU is compatible with the commercial growing and harvesting of timber.

- (F) An ADU may not be permitted on a parcel within 200 feet of lands that are designated AG, RL, FL or TPZ unless it is attached to an existing legally-authorized residence and does not extend further into the setback from the parcel with AG, RL, FL or TPZ zoning.
