This Statement of Services ("SOS") is made by and between Toshiba America Business Solutions, Inc. ("TABS"), including its division Toshiba Business Solutions ("TBS"), with its headquarters located at 25530 Commercentre Drive, Lake Forest, CA 92630 (collectively or individually TABS and TBS shall be referred to as the "Contractor"), and Mendocino County Planning and Building located at **860 N. BUSH ST., Ukiah, CA 95482** (the "Client").

This SOS describes the project and details the services and deliverables (hereinafter collectively known as "Project Services") associated with the **Document Backfile Scanning** project (the "Project").

Project Services shall be provided pursuant to the "Project Contract" which consists of (i) this SOS together with (ii) the Master Software and Services Agreement ("MSSA") **MSSA Mendocino County Planning and Building 8-14-2023** between Contractor and its Client (the "Services Agreement"). This SOS is subject and subordinate to the MSSA. To the extent the terms and conditions of the Services Agreement and SOS conflict, the SOS shall prevail.

2. Introduction

Client's acceptance of this SOS shall be authorization for Contractor's performance of the Project Services set forth in this SOS. Contractor reserves the right to utilize subContractors and sub-subContractors (collectively known as "Sub-Contractors") in performance of the Project Services. Contractor represents that all its Sub-Contractors (i) will be competent to perform the Project Services; (ii) will exercise commercially reasonable standards in performing these Project Services; and (iii) will comply with all terms and conditions applicable to Contractor in the performance of the Project Services.

The purposes of the SOS are to (i) specify the work to be completed by the Contractor during phases of the Project; (ii) detail the obligations of the Contractor and the Client; and (iii) set forth the Project schedule and fees.

Contractor has prepared this SOS to detail the scope of Project Services and costs for the Project Services. The costs stated were derived by drawing from Contractor's experience with similar engagements and using preliminary information received from Client.

3. Project Objective

Based on the agreed upon business requirements, Contractor will provide design, implementation, training, and support services to the following locations:

SaaS

4. SOS Addendums

The SOS Addenda are supplementary documents that detail the specific deliverables and responsibilities by party. The relevant addendum is predicated upon whether your solution is a cloud solution, non-cloud solution, or mix of both. The SOS Addenda describe the Project Deliverables, Client and Contractor Responsibilities, Professional Services and Licensing Fees, Project Plan, Support Escalation Process, Pricing Schedule, Business Requirements, Functional Design, Change Order Authorization, and Solution Delivery and Acceptance.

A checkmark incorporates the referenced document into this agreement.

- ☒ Statement of Services - Addendum A (Cloud Solution).
- ☐ Statement of Services - Addendum B (On-Premises Solution).
- ☐ Statement of Services - Addendum C (Hybrid Solution).

Project Deliverable(s)

Based on the agreed upon business requirements, Contractor will provide the following:

- Solution Design (Develop Document Indexing Criteria).
- Inform the Client personnel on documents Pickup and Return requirements.
- This Statement of Service (SOS).
- Q/A SaaS portal Activation and Configuration.
- User licenses for Q/A SaaS portal access.
 - (3) user licenses included.
- User Login credentials for Q/A SaaS portal access
- Professional Services as defined in the SOS.
- User Acceptance Testing Recommendations.

NOTE: For the on-premises components of the deployed solution, it is the responsibility of the Client to meet the minimum installation pre-requisites provided to them prior to the installation of the software.

5. Services

Contractor will provide the following services:

- Consult with Customer personnel to implement Scanning need(s)
- Consult the Customer personnel on the index criteria.
- Inform the Customer personnel on scanning requirements.
- Inform the Customer personnel on shipping requirements.
- Assist Customer IT personnel User Access as needed.
- Access to the Visual Vault SaaS portal for image Q/A processing.
- Training:
 - Train End-User to use the Visual Vault SaaS portal

5.1. Document Scanning Services Details

- Approximately [300] boxes need to be picked up, and scanned and potentially destroyed from Customer located at [120 W. First St., Ft Bragg, CA] Planning Records
- The estimated total of [660,000] images, mostly single-sided ([15%] duplex double-sided), will be prepped, scanned, and indexed. 650,000 images are estimated at 8.5" x 11" & 10,000 images are estimated as oversized - 24" x 36" or larger.
- The material will be transported to GRM in a secured vehicle.
- Once at GRM, the counts are validated for confirmation.
 - GRM will apply a unique barcode number to each box.
 - Barcodes will be scanned/wanded into the inventory database and confirmed.
- At each handling point, the box will be scanned to know exactly where and what stage it is in the process.
- GRM will scan the images in B & W at 300 DPI, PDF OCR or 400 DPI Oversized, PDF.
- GRM will not exceed 660,000 images without communicating to Toshiba & obtaining approval.

Project Term

- Unless otherwise stated and agreed-upon in advance of project commencement, all documents scanning included in this SOW and access to the cloud portal will be completed within twelve months of boxes received at the Contractor's operations center.
- At the end of the twelve-month period, access to the cloud portal and digital documents renewal is required. In addition, any boxes/documents/Film/Fiche or electronic documents contracted within this SOW that have not been delivered to the Contractor's scan center will require a Change Order to be processed as the original SOW will have expired. Renewal of Cloud Portal access and scanning of boxes not received at the scanning center within twelve months will incur additional charges processed via a new SOW, or a Change Order.

Additional Fees:

- Project Overage Fees are applied to all scanning services that are not addressed in the scope of the SOS. Client acknowledges and agrees to be billed for and pay the applicable services fees associated with these additional services. A Change Order will be utilized to process the overage fees.

5.1 Services

Project Description [Provide Operational Details of Project]	
1	Scope of Project
	Contractor will provide Customers with a Document Imaging service that will convert paper files into digital format.
2	Preparation
	GRM will get the paper documents "scanner ready" by performing the required tasks as follows: <ul style="list-style-type: none"> ✓ Pulling staples ✓ Taping any torn pages ✓ Unfolding any folded pages
3	File Organization
	PDF's will be stored into a Folder by box number.
4	Scanning
	All paper images will be scanned in black and white and captured at 300 DPI in PDF format. Oversized images will be scanned in color and captured at 400 DPI in PDF format.
5	Quality Control
	Contractor will inspect each image of each electronic batch for image quality from our dedicated quality control workstation. Each image that is sub-par quality will be earmarked for rescanning. Any indices that are incorrect will be corrected.
6	Project Deliverables
	Contractor will provide document preparation, scanning, and if requested, uploading of the files to meet the import requirements for the Customer's application. Pricing on this is included below.
7	Document Volume
	Approximately [300] boxes. It is estimated that there are about [660,000] images
8	Indexing
	Index by [Permit Number – File tab information]
9	Output Format

	Output format will be 300DPI, multi-page PDF files for black & white; Oversized will be 400 DPI PDF.
10	Secure Destruction
	<p>All files shall be stored at no cost for up to 90-days.</p> <ul style="list-style-type: none"> • <u>Within the period of 90 days of project completion, after a document has been converted to digital format, Customer must provide written confirmation to Contractor, authorizing the destruction of stored documents.</u> • <u>If 90 days have lapsed, and Customer has not authorized document destruction, Contractor will charge Customer per the pricing schedule for 'Document Storage' on a monthly basis billable at the end of each month.</u>
11	Pricing
	The Price Schedule is provided below.
12	Schedule
	Documents and boxes Pickup will begin at a mutually agreed-upon time between Contractor and Customer.

Scanning Output Specifications

6. Project Milestones

Notes: The milestones table below is intended as a sample. Update as needed. Remove the highlighted notes prior to submission of this SOS to Client.

Key Milestones	Milestone Date
'Document Backfile Scanning' Project	
1. Initiation and planning complete	To be mutually agreed on by Customer and Contractor
2. SaaS portal configuration complete	To be mutually agreed on by Customer and Contractor
3. Box-1 User QA validation complete	To be mutually agreed on by Customer and Contractor
4. Customer QA of Box-1 complete	To be mutually agreed on by Customer and Contractor
5. Box-1 Customer Acceptance Signoff complete	To be mutually agreed on by Customer and Contractor
6. Remaining Boxes Scan complete	To be mutually agreed on by Customer and Contractor
7. Training Complete	To be mutually agreed on by Customer and Contractor
8. Customer QA of Remaining Boxes complete	To be mutually agreed on by Customer and Contractor
9. Project Acceptance and Signoff complete	To be mutually agreed on by Customer and Contractor
10. Project Execution complete	To be mutually agreed on by Customer and Contractor

7. Progress Billing

During this project, Contractor will request that Client acknowledge completion and acceptance of the monthly services related for the Document Backfile Scanning project. An invoice will be submitted to the Client, and Client agrees to pay for the services delivered for the month mentioned in the invoice. Client agrees to pay for the invoice within 15 days of receipt of invoice in accordance with the Completion Criteria in this SOS.

8. Completion Criteria

When the services detailed in this SOS have been completed and demonstrated, the project will be considered complete, and Contractor will request Client signoff of the Solutions Delivery and Acceptance document referenced in this SOS within 15 days of Project Plan completion.

9. Change Management

This SOS is intended to provide, as much as possible, a clear understanding of the responsibilities of the parties concerning these Project Services. Changes to the scope, assumptions, personnel, environment, dependencies, timeline, Software or Deliverables post execution of this SOS will be

communicated in writing and agreed to by both Contractor and Client via Contractor's Project Management personnel. A Change Order Authorization ("COA") form will be added to this agreement to amend and set forth the effective date, purpose, description, and price, if applicable.

The work required to address these changes will be scoped and presented to Client as a COA with any additional time, materials, or cost. The following list provides a detailed process to follow if changes to the scope of this SOS are required.

- A COA will be the vehicle for communicating change and will be prepared by the Contractor lead Solutions Analyst assigned to this project. The COA must describe the change, the reason for the change, and the effect the change will have on the project.
- Both Client and Contractor will review the proposed change and approve. The review will determine the effect the COA will have on price, schedule, and other terms and conditions of this SOS.
- Both parties must sign a written COA to authorize the implementation of any changes.

10. Support

Contractor will provide implementation support for this project through to its completion. This includes but is not limited to ensuring installed applications are performing to manufacturer's specifications.

Upon completion of the project, and provided client is up to date with their maintenance and support payments, Client will have access to a Contractor support engineer for technical issues. Support will continue to be available throughout the term of the contract and upon renewal of the contract.

11. SOS - Assumptions

The following are the general assumptions on which this SOS and Professional Services Fee are based. If any of these assumptions either change or are incorrect a COA may be required, which may result in additional Professional Services fees.

- Building environmental conditions that are within equipment specifications for airflow, temperature, humidity, and electrical quality.
- Project work will be performed during normal business hours Monday through Friday 8 a.m. to 5 p.m. local time, excluding holidays. Client will provide unimpeded access to equipment and facilities. If access delays occur, work performed outside of normal business hours may incur an overtime premium.
- Contractor:
 - Is not responsible for any conflicts with existing hardware or software that is no longer supported by the manufacturer.
 - Is only responsible for integration tasks outlined in this proposed SOS.
 - At Contractor's discretion project work may be provided remotely in whole, or in part.
- All systems will be installed in US English (other localized language configurations can be provided at an incremental cost).

Exhibit A: Referenced Documents Table

A checkmark incorporates the document into this agreement.

Applicable	Document Title	Document Description
<input type="checkbox"/>	Project Plan	Project Plan describes the execution, management, and control of the project
<input checked="" type="checkbox"/>	Pricing Schedule	Provides pricing and line-item details as necessary.
<input type="checkbox"/>	Solutions Delivery and Acceptance	Acknowledgement form: client acknowledges and confirms that the deliverable, milestone and/or project referenced has been completed, and all testing and acceptance criteria have been satisfied.
<input type="checkbox"/>	Change Order Authorization	Document to be executed when the original project scope has changed post SOS authorization by client.
<input checked="" type="checkbox"/>	Support Escalation Process	Describes steady state user-support escalation process.
<input type="checkbox"/>	Business Requirements Document	The BRD outlines the details for a project including the documentation of Client needs and expectations. The BRD is intended to highlight the project Scope, Requirements, Assumptions, Constraints, and Risks.
<input type="checkbox"/>	Functional Design Document	The FDD provides an overview of the business issue to be addressed, a mock-up of the User Interface (UI) design, and a plain English synopsis of the logic anticipated. This document provides the Client with the opportunity to approve the high-level design before the effort is made to develop a detailed or technical design.

SaaS Statement of Services - Addendum A

This addendum is hereby incorporated by reference as Addendum A to the Statement Of Service ("SOS") by and between Toshiba America Business Solutions, Inc. ("Contractor") and ("Client").

Associated Project SOS Name: SOS Mendocino County Planning and Building Phase 2 4-29-2024.

Associated Project MSSA Name: MSSA Mendocino County Planning and Building 8-14-2023.

Client Responsibilities

The following activities are the responsibility of Client.

The "Client Responsibilities – Details" is the Solution specific activities that are defined as the responsibility of Client. If any of these responsibilities either change or are incorrect a (COA) Change Order Authorization may be required, which may result in additional Professional Services fees.

- During the Project Initialization and Planning phase of the project, Customer will provide the following information for users needing access to the ScanCloud portal. These users will receive their user credentials via email.
 - Username
 - User email address
 - User telephone number
- Ensure that all applications and data are successfully backed up prior to Contractor beginning project services detailed in the SOS.
- Provide technical and application support for configuration and testing of Client specific information. Contractor does not warrant Client applications.
- Provide systems personnel for the project familiar with all aspects of Client's enterprise configuration – security, remote access, domain structure, WAN/LAN connectivity, applications used for this project – to work in conjunction with the Contractor team on this implementation. Additionally, a desktop technician may be required to perform Client -side duties.
- Make available all the appropriate resources, systems, network access, reports and any/all other data elements required for Contractor to complete the deliverables and other research necessary to complete this project as contained herein.
- Provide a dedicated project manager or coordinator to provide management, reporting, day to day project tracking, move/add/change requirements, and cross-coordination of requirements.
- Network connectivity between all solution components.
- Deploy Solution to Client end-user desktops (if required).
- Identify a Project Sponsor with sign-off authority and ability to facilitate Client stakeholder participation.
- Report on any Client technical or resource issues that would delay, hinder, or adversely affect the deployment of the solution or its performance in the Client environment.
- Allow for the distribution of Solution upgrades to Client PC's as needed.
- Accept title and/or license upon delivery/installation for product and/or Solution purchased if applicable.
- Sign appropriate Contractor finance document for leased or financed transactions.

Contractor Responsibilities

The following activities are the responsibility of Contractor.

The “Contractor Responsibilities – Details” is the Solution specific activities that are defined as the responsibility of Client. If any of these responsibilities either change or are incorrect a COA may be required, which may result in additional Professional Services fees.

- Solution license key.
- Technical specifications for implementation.
- Email and phone support for the duration of the contract.
- Technical Services included in the scope herein.
- Configuration of the Solution components.
- Solution training.
- Solution revisions, updates, and patches during the term of the agreement.

Support

Contractor will provide implementation support for this project through to its completion. This includes but is not limited to ensuring installed applications are performing to manufacturer’s specifications.

Upon completion of the project, Client will have access to a Contractor support Engineer for technical issues. Support will continue to be available throughout the term of the contract and upon renewal of the contract.

Note: *If applicable, refer to the **Statement of Services Support Escalation Process - Addendum E** document referenced in this SOS for support details.*

Professional Services and License Fees

A checkmark incorporates the referenced table into this agreement.

☒ **TABLE 1: Time and Materials Engagement:**

This is a time and materials engagement. The Professional Services fees for this project are inclusive of hours required to complete the preparations, scanning and indexing of the estimated volume of documents. The document estimates are based upon our current understanding of the project. Any changes to this Statement of Service will require a Change Order executed and agreed upon by both parties. Contractor cannot perform work outside of the scope of this SOS without an authorized Change Order signed by Client.

Estimated Services Fees

Estimated Project Investment: \$126,948.40

*****Contractor will only bill for the actual number documents processed and related services *****

Taxes, if applicable, are not included and will be invoiced separately.

This document is valid for a period of 30 days from the cover date; after this date it may be revised upon consent by Contractor.

Expenses associated with travel, overnight stays, etc., for the hours estimated in this SOS are included in the estimate of this project.

Statement of Services Pricing Schedule - Addendum E

This addendum is hereby incorporated by reference as Addendum E to the Statement of Service ("SOS") by and between Toshiba America Business Solutions, Inc. ("Contractor") and ("Client").

Associated Project SOS Name: SOS Mendocino County Planning and Building Phase 2 4-29-2024.

Associated Project MSSA Name: MSSA Mendocino County Planning and Building 8-14-2023.

Pricing Schedule

Item	Unit	Description	Quantity	Price	Total
EDM0401	Each	DS/PROJECT SETUP	1	\$1,453	\$1,453.00
GRMTRANSPORT	Each	DS/TRANSPORTATION- CUSTOM CALCULATION PER TRIP	3,750	\$1.00	\$3,750.00
