# California Air Resources Board Fiscal Year 2018-19 – AB 617 Community Air Protection (CAP) Incentives GRANT AGREEMENT

# **General Terms and Conditions:**

- Grant Objectives: The California Air Resources Board (CARB or Board) is providing money CAP Incentives (also referred to as "Grant Award" or "Grant Funds") from the Greenhouse Gas Reduction Fund to support incentive projects that reduce emissions and improve public health in communities with high burdens of cumulative pollutant exposure, consistent with the goals of Assembly Bill (AB) 617 (Chapter 254, Statutes of 2017).
  - a. The air district (GRANTEE) will select projects eligible under the Carl Moyer Memorial Air Quality Standards Attainment Program 2017 Guidelines (Moyer Guidelines) and any subsequent revisions or versions approved by the Board and/or the Community Air Protection Funds Moyer Guidelines Supplement (including truck projects under the Proposition 1B 2015 Guidelines relative to funding amounts and truck evaluations), or projects eligible under the Community Air Protection Incentives 2019 Guidelines (CAP Incentives Guidelines) and any future revisions or versions approved by CARB, or other incentive projects and programs included in an approved Community Emissions Reduction Program (H&SC § 44391.2) for funding under this grant agreement. The GRANTEE will allocate Grant Ffunds to projects that will provide emissions reductions in excess of those otherwise required by law or regulation, and will prioritize zero-emission projects whenever feasible, including charging/fueling infrastructure (e.g., EVSE) for medium-and heavy-duty vehicles.
  - b. The GRANTEE will target <u>Grant F</u>funds to prioritize emissions reductions in communities most impacted by cumulative pollution burden, focusing in particular on vehicles, equipment and infrastructure that operate in any AB 617 communities selected by CARB or under consideration for future selection. The GRANTEE will meet and strive to exceed this statewide target for benefits to priority populations: no less than 80 percent of funds will go to projects that are located in and provide direct, meaningful, and assured benefits to residents of AB 1550 communities (Chapter 369, Statutes of 2016).
  - c. The GRANTEE will allocate <u>Grant F</u>funds to projects that are consistent with priorities identified by affected communities through a transparent, meaningful public process. The GRANTEE will provide public access to information, including project selection criteria and web posting of project funding proposals and a summary of final selected projects consistent with Section IV of the CARB Funding Guidelines for Agencies that Administer California Climate Investments (CCI Funding Guidelines) (<a href="https://ww2.arb.ca.gov/resources/documents/cci-funding-guidelines-administering-agencies">https://ww2.arb.ca.gov/resources/documents/cci-funding-guidelines-administering-agencies</a>). For each project selected the GRANTEE will post at a minimum the following items: name of applicant, brief description of the proposed project, including location (e.g. zip code), amount of funding requested and whether the project is expected to provide direct, meaningful, and assured benefits to residents of AB 1550 communities.

- d. When submitting project lists with disbursement requests, the GRANTEE will indicate how each project satisfies evaluation criteria for benefits to priority populations, using the CCI Funding Guidelines Criteria for Clean Transportation and Equipment except where otherwise directed by CARB (<u>www.arb.ca.gov/cci-resources</u>).
- e. With CARB's assistance and direction, the GRANTEE will implement reporting procedures for funded projects as specified in the CCI Funding Guidelines and the Community Air Protection Incentives 2019 Guidelines CAP Incentives Guidelines approved by CARB, including project location information to document benefits to priority populations, vehicle and equipment data to support the calculation of reductions in criteria and toxic pollutants and greenhouse gases, and additional information related to jobs, public outreach and earned interest.
- f. The GRANTEE will continue to monitor the ongoing implementation of the requirements of AB 617, and will work with CARB to address any new priorities as they are developed to support the community air quality protection goals of AB 617.
- g. The GRANTEE and CARB will work together to determine the feasibility of addressing any new community priorities.
- 2. Implementation Funding: In accordance with Section E of Chapter 3: Program Administration, of the Community Air Protection Incentives 2019 Guidelines CAP Incentives Guidelines, the GRANTEE may use up to 12.5 percent of their CAP Incentives for program administration and implementation activities as required by the Grant Agreement. Implementation funding (12.5 percent of the total CAP Incentive Gerant Funds) can be a combination of the direct and indirect project costs; however, the total indirect project costs cannot exceed 4 percent of the total CAP Incentives.
- 3. <u>Amendment</u>: No amendment or variation of the terms of this Grant Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or agreement not incorporated in the Grant Agreement is binding on any of the parties.
- 4. <u>Assignment</u>: This Grant Agreement is not assignable by the GRANTEE, either in whole or in part, without the consent of CARB.
- 5. Availability of Funds: CARB's obligations under this Grant Agreement are contingent upon the availability of funds. In the event funds are not available, the State shall have no liability to pay any funds whatsoever to the GRANTEE or to furnish any other considerations under this Grant Agreement. Additional Ggrant Ffunds may be added through amendment to this agreement if a portion has been withheld pending the fourth cap and trade auction in the 2018–19 fiscal year.
- 6. <u>Compliance with Law, Regulations, etc.</u>: The GRANTEE agrees that it will, at all times, comply with and require its contractors and subcontractors to comply with all applicable federal and State laws, rules, guidelines, regulations, and requirements.
- 7. <u>Computer Software</u>: The GRANTEE certifies that it has appropriate systems and controls in place to ensure that <del>State</del> <u>Grant F</u>funds will not be used in the performance of this Grant Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
- 8. <u>Conflict of Interest</u>: The GRANTEE certifies that it is in compliance with applicable State and/or federal conflict of interest laws.
- 9. <u>Disputes</u>: The GRANTEE shall continue with the responsibilities under this Grant

- Agreement during any dispute. GRANTEE staff or management may work in good faith with CARB staff or management to resolve any disagreements or conflicts arising from implementation of this Grant Agreement. However, any disagreements that cannot be resolved at the management level within 30 days of when the issue is first raised with CARB staff shall be subject to resolution by the CARB Executive Officer, or his designated representative. Nothing contained in this paragraph is intended to limit any of the rights or remedies that the parties may have under law.
- 9. Environmental Justice: In the performance of this Grant Agreement, the GRANTEE shall conduct its programs, policies, and activities that substantially affect human health or the environment in a manner that ensures the fair treatment of people of all races, cultures, and income levels, including minority and low-income populations of the State.
- 10. Fiscal Management Systems and Accounting Standards: The GRANTEE agrees that, at a minimum, its fiscal control and accounting procedures will be sufficient to permit tracing of Gerant Ffunds to a level of expenditure adequate to establish that such funds have not been used in violation of State law or this Grant Agreement.
- 11. Force Majeure: Neither CARB nor the GRANTEE shall be liable for or deemed to be in default for any delay or failure in performance under this Grant Agreement or interruption of services resulting, directly or indirectly, from acts of God, enemy or hostile governmental action, civil commotion, strikes, lockouts, labor disputes, fire or other casualty, etc.
- 12. Governing Law and Venue: This Gerant Agreement is governed by and shall be interpreted in accordance with the laws of the State of California. CARB and the GRANTEE hereby agree that any action arising out of this Grant Agreement shall be filed and maintained in the Superior Court in and for the County of Sacramento, California, or in the United States District Court in and for the Eastern District of California. The GRANTEE hereby waives any existing sovereign immunity for the purposes of this Grant Agreement.
- 13. The State will not mediate disputes between the GRANTEE and any other entity concerning responsibility for performance of work.
- 14. Indemnification: The GRANTEE agrees to indemnify, defend and hold harmless the State and the Board and its officers, employees, agents, representatives, and successors-in-interest against any and all liability, loss, and expense, including reasonable attorneys' fees, from any and all claims for injury or damages arising out of the performance by the GRANTEE, and out of the operation of equipment that is purchased with funds from this Grant Award.
- <u>15. Independent Contractor</u>: The GRANTEE, and its agents and employees, if any, in the performance of this Grant Agreement, shall act in an independent capacity and not as officers, employees or agents of CARB.
- 16. Interest: The GRANTEE shall maintain accounting records of interest earned on funds from the CAP Incentives separate from other incentive funds. The calculation of interest earned must be based on a daily balance or some reasonable and demonstrable method of allocating the proceeds from the interest-generating account back into the program,

and must be consistent with how it is calculated for the GRANTEE's other fiscal programs. Interest earned shall only be used for eligible grant-related expenses as outlined in the guidelines specified in this agreement. Earned interest must be fully expended or returned to CARB if it is not used by the end of the grant performance period. The GRANTEE will report in the Yearly Report interest earned on all CAP incentives during the previous fiscal year. Documentation of the interest earned must be retained for a minimum of three years following its generation and liquidation. Interest earned by the GRANTEE during each previous fiscal year shall be reported to CARB annually.

- 17. - **21. Severability:** If a court of competent jurisdiction holds any provision of this Grant Agreement to be illegal, unenforceable or invalid in whole or in part for any reason, the validity and enforceability of the remaining provisions, or portions of those provisions, will not be affected.
- <u>22. Term</u>: This Grant Award shall be effective upon full execution of this Grant Agreement and shall continue in full force and effect until all conditions of the Grant Agreement have been met <u>(the "Grant Term")</u>. This award is conditional based on CARB receipt and approval of a fully executed Grant Agreement accepting these CAP Incentives by **April 24, 2020**.
- 23. Termination: CARB may terminate this Grant Agreement by written notice at any
