## Interests & Experiences

### Special Expertise, Experience, or Interest in This Area?

---

I love Mendocino County, but most of all I love Laytonville. I have lived in Laytonville for the better part of 19 years, with a brief stint in Fort Bragg and the bay area. I am currently raising my two children here. From working at the local health center, volunteering and being staff at many of our local music/ special events, being a member of the Laytonville School site council, on the board for Laytonville little league, to being one of the founding board members of kpfn a local radio station, I have connected with almost every layer of our community. I have brought many professionals to the area, and helped some of our local youth to find their path to a next step in their careers. I understand the constraints and importance of a budget. I know how to prioritize competing projects. I am willing to do the work it takes to keep our community as amazing as it is, and help move it forward in a thoughtful way to the future. I have a passion for organizational development, and a knack for connecting people.
