

Dear Supervisor,

I am writing in enthusiastic support of the ordinance presented by Supervisors Williams & Haschak to establish a Citizen's Advisory Committee for Law Enforcement Oversight (CACLEO).

Clearly, now is the crucial time for community involvement & oversight of policing in this county. Current events have revealed the urgent need for law enforcement to be accountable, transparent, equitable, & responsive. Also non-violent. For the safety of all of us, guidance must come from the people of the County.

I urge you to create, implement, and uphold policies that dictate fairness & address bias within law enforcement. I urge you to vote in favor of implementing the proposed Citizen's Law Enforcement Oversight Committee.

Thank you,

Liz Helenchild
