

Dear Board of Supervisors,

Hope all is well with everyone.

Regarding 4ak) Adoption of Ordinance Amending Mendocino County Code Chapter 6.36 and Chapter 20.243 Regarding Cannabis Facilities

We are small cannabis farmers in Whitethorn Mendocino County and we strongly support MCA recommendations regarding these subjects, in hope that we small cannabis farmers succeed at our agricultural labor and growing our brands to satisfy public demands in the legal market.

Making micro-business licenses more accessible in order to maximize the value of our crops and derivatives is of real importance for our craft not to diminish or more unfortunately to disappear. We hope you attend to our petitions.

Thankfully,

Joseph and Yeins Chestnut
