

Hello

For years we have come to Manchester Beach KOA and Pomo Campgrounds.

We have an RV which has everything our home does except a garage. We carry Water, groceries and are completely self contained. We don't use restrooms at campgrounds or stop along the way.

Please allow RV self Contained Camping. It is healing to be in nature and these 2 campgrounds especially are distance camping.

I don't understand how one can go to a mall or Walmart with tons of people which in my opinion isn't safe (I choose not to do this yet), but not be camping outside separately from others is not allowed. Dining in a restaurant is closer in proximity than camping.

Please please please allow this ASAP. I feel my spirit draining and it's not healthy.

Thank you.
