

Hi my name is Aimee and I don't usually voice my opinion but I feel like I need to.

So first off I am so sick of this shelter in place and not reopening anything and canceling all kinds of stuff. It really is stupid. All of the cases that we have had here in Mendocino county have all recovered and have never been a threat to the community. The fact that Willits can have a graduation for there students but yet we can't. These kids have already suffered enough the least we can do is give them a graduation and that includes the eighth graders as well. Also why are we canceling everything for the Summer, sports, fairs, camps, And Sunday's in the park it's just stupid. Our lives are being controlled and taken away from us. It's time to get this community back up and running and allow our kids to have some normalcy. We want to get together with friends and family and celebrate birthdays and other holidays. And just be together

Thank you

Aimee
