

I have been involved with the courts and the Sheriffs Department for 45 years. From my experience I know that forming a Committee that will help establish a better relationship between the public and law enforcement is needed and will be extremely beneficial.

Right now is the time to take this action.

Also I would be happy to serve on such a Committee.

Please don't let this opportunity pass without taking this important step.

Thank you for your consideration.

Sincerely

Steven Antler  
Attorney at Law
