Re: July 21, 2020 BOS Agenda Item 6b

Date: July 18, 2020

I write to support item 6b introduced by Supervisor Carre Brown to create a Hazardous Vegetation and Rubbish Abatement Ordinance.

As a resident of Redwood Valley and a member of the Black Bart Trail Firesafe Council, I am well aware of the ongoing threat of wildfire. I support an ordinance to address that all landowners, whether living on their property or not, be responsible to clear hazardous vegetation and rubbish every year as fire season approaches.

I appreciate your attention to this matter.

Best regards,

Sheilah M. Rogers
