SUBJECT: Investment Report – June 30, 2023

Attached herewith is a report listing of all investments held by the Mendocino County Investment Pool as of June 30, 2023. The investments have been made in accordance with the Investment Policy and are permitted investments according to current California law. Due to the nature of a public funds portfolio, it is mandatory that moneys be available to meet the monetary requirements inherent to operating a public entity. The attached Investment Report demonstrates that sufficient liquidity is available to meet anticipated expenditures during the next six months.

The primary and overriding objective for the investment pool is to protect the safety of the principal. The second objective is to ensure a sufficient portion of all funds are invested in securities providing a high degree of liquidity and availability. The third objective is to obtain a yield commensurate to current conditions; yield shall not be the driving force in determining which investments are to be selected for purchase. In the event all general objectives mandated by State law are met and created equal, investments in corporate securities and depository institutions will be evaluated for social and environmental concerns.
