

I support the establishment of a Public Safety Advisory Board (Item 6(a) on the agenda of September 1, 2020)

We are lucky to have a Sheriff, a Board of Supervisors and an activist community that communicate honestly and openly between each other. It is important to have a framework in place to air any grievances before there is a crisis in our county and we are reacting rather than being proactive. This is an important first step and I wholeheartedly support it.

David Nelson

Mendocino County Superior Court Judge, Ret.
