10900 Palette Drive

APN: 119-060-20

STORY POLE INSTALLATION

13 September 2017

Story Poles were installed on the site exactly as depicted in the Project Site Plan prior to close of escrow to secure full approval by all neighbors.

Original Roof design with a central peak height of 19'-6" was deemed to be too high by Patricia & Kenneth Black (10890 Palette Drive)

A maximum roof peak height of 16' with a direct slope from the south peak to the north flat roof line was agreed to.

The actual CDP drawing height is 15'-8"
