**Subject:** Outrageous fee for fire victims

Dear Board of Supervisors,

It is outrageous if you allow planning and building to charge fire victims \$1000 to place trailers on their own property after they have already lost so much. You need to have some compassion for these people. Some didn't even have fire insurance and are already struggling to figure out how to rebuild from this disaster and this fee would be another hardship for them. I hope you will do the right thing and not allow this price gouging of your own constituents to happen.

Sincerely,  
Helen Michael
