NaphCare

Contract Summary:

	TOTAL 2018-2021	Service Category Definition
MENDOCINO COUNTY, CA		
SCREENINGS AND GENERAL INFORMATION		
Average Daily Population	275	**Average number of individuals detained in the jail each day.**
Active Inmates	29330	**Number of inmates followed by NaphCare team members in the specified time frame (e.g., one year, one month).**
Receiving Screenings Performed	15758	**Total number of initial receiving screenings performed - typically at the time of booking - by NaphCare team members in the specified time frame (e.g., one year, one month). This involves face-to-face encounter for patient interview by nursing staff.**
Mental Health Screenings Performed	12884	**Total number of mental health screenings performed by NaphCare team members in the specified time frame (e.g., one year, one month). This involves face-to-face encounter for patient interview by nursing staff.**
Mental health evaluations performed	1444	**Total number of initial mental health screenings performed - typically at the time of booking - by NaphCare team members in the specified time frame (e.g., one year, one month). This involves face-to-face encounter for patient interview by mental health staff.**
Physical assessments performed	13062	**Total number of physical assessments performed by NaphCare team members in the specified time frame (e.g., one year, one month). This involves face-to-face encounter for patient interview and assessment by advanced medical providers.**
Total PPD reads	1098	**Total number of patients who had a TB skin test read by NaphCare team members in the specified time frame (e.g., one year, one month).**
Positive PPD	33	**Total number of patients whose TB skin test was read as positive by NaphCare team members in the specified time frame (e.g., one year, one month).**

Pregnant patients	2	Monthly Average of pregnant patients in custody.
Patients with PREA designation	15	Monthly average of patients with a prea designation in custody.
Patient grievances submitted	174	Total number of grievances filed by inmates during the specified time frame (e.g., one year, one month).
PATIENT MONITORING		
Patients receiving CIWA monitoring	2226	Total number of individuals who were at risk for withdrawal from alcohol and were closely monitored by NaphCare team members during the specified time frame (e.g., one year, one month). Monitoring involves frequent (e.g., every few hours depending on severity of symptoms) assessment for no less than 72 hours.
Patients receiving COWS monitoring	1361	Total number of individuals who were at risk for withdrawal from opioids and were closely monitored by NaphCare team members during the specified time frame (e.g., one year, one month). Monitoring involves frequent (e.g., every few hours depending on severity of symptoms) assessment for no less than 72 hours.
Patients on suicide watch	966	Total number of individuals who were placed on safety precautions due to their increased risk for suicidal behavior during the specified time frame (e.g., one year, one month). FOr individuals placed on safety precautions, mental health professionals conduct initial risk assessments to determine risk, at least once daily assessments, and post-discharge follow-ups
PHARMACY AND LABS		
Medication Orders	69623	Total number of medication orders written by physicians and midlevel providers during the specified time frame (e.g., one year, one month).
Patients on medication	14809	Total number of individuals prescribed medication during the specified time frame (e.g., one year, one month). Note - some patients have multiple orders, resulting in the number of patients on medication being lower than the number of medications ordered.
Patients on mental health medication	9022	Total number of individuals prescribed mental health medications (e.g., antipsychotic, antidepressant, anxiolytic, mood stabilizer) during the specified time frame (e.g., one year, one month). This number *does not* account for medication refusals/noncompliance.

Patients on HIV medication	44	Total number of individuals prescribed medications for HIV during the specified time frame (e.g., one year, one month).
Patients on medication - Daily Average	149	Daily average number of individuals prescribed medication, with calculations based on the specified time frame (e.g., one year, one month).
Patients on mh medication - Daily Average	102	Daily average number of individuals prescribed mental health medications (e.g., antipsychotic, antidepressant, anxiolytic, mood stabilizer), with calculations based on the specified time frame (e.g., one year, one month).
Non-formulary medication orders	1228	Total number of non-formulary medications ordered during the specified time frame (e.g., one year, one month).
Lab tests completed	6029	Total number of lab tests *completed* during the specified time frame (e.g., one year, one month). Note - this number does *not* reflect labs ordered that were refused by patients.
Non-formulary lab orders	208	Total number of lab tests *ordered* during the specified time frame (e.g., one year, one month) that fall outside the predefined formulary orders. Note - this number does not reflect non-formulary labs refused by patients.
CHRONIC CONDITIONS		
Patients with any chronic medical condition	164	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having any chronic medical condition. Note - all individuals identified with a chronic medical condition are seen at routine intervals to manage the condition.
Neurological	34	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic neurological condition (e.g., multiple sclerosis, Parkinson's disease, seizure disorder).
Respiratory	37	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic respiratory condition (e.g., asthma, COPD).
Cardiovascular	77	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic cardiovascular condition (e.g., hypertension, heart disease/failure).

Gastrointestinal/hepatic	2	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic gastrointestinal/hepatic condition (e.g., Chron's disease, ulcers).
Endocrine	25	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic endocrine condition (e.g., diabetes, thyroid disease).
Hematology/oncology	6	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic hemoatology/oncology condition (e.g., anemia, cancer).
Infectious disease	41	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic infectious disease condition (e.g., HIV/AIDS, Hepatitis, sexually transmitted disease).
Other	14	Monthly Average of individuals identified - either by history or diagnosed while in custody - as having a chronic medical condition that falls outside the major systems listed (e.g., autoimmune disease, kidney disease).
SICK CALLS		*Sick calls refer to requests for medical services that originate through patient self-referral, provider/professional referral or custody referral.*
Chronic Care	944	Total number of appointments scheduled and completed for chronic medical conditions during the specified time frame (e.g., one year, one month).
Dental	787	Total number of dental appointments scheduled and completed during the specified time frame (e.g., one year, one month).
EKG	410	Total number of annual dental examinations scheduled and completed during the specified time frame (e.g., one year, one month).
Medical Chart Review	1525	Total number of EKGs scheduled and completed during the specified time frame (e.g., one year, one month).
Medical MD	2075	Total number of individuals' charts reviewed by a physician or midlevel provider during the specified time frame (e.g., one year, one month).

Medical NP/PA	3085	Total number of sick calls completed by a physician during the specified time frame (e.g., one year, one month).
Medical Nurse	5208	Total number of sick calls completed by a midlevel provider during the specified time frame (e.g., one year, one month).
Mental Health Chart Review	2224	Total number of sick calls completed by a medical nurse during the specified time frame (e.g., one year, one month).
Mental Health Professional	8240	Total number of sick calls completed by a mental health professional during the specified time frame (e.g., one year, one month).
Mental Health Provider	4429	Total number of sick calls completed by a mental health provider (e.g., psychiatrist, psychiatric nurse practitioner) during the specified time frame (e.g., one year, one month).
X-Ray	297	Total number of X-rays completed during the specified time frame (e.g., one year, one month).
Dental Annual	155	Total number of dental annual check-ups scheduled and completed during the specified time frame (e.g., one year, one month).
OFFSITE SERVICES		
Hospitalized patients	32	Total number of individuals hospitalized off-site during the specified time frame. Note - this number does not include those who were deferred to hopsital level care prior to booking (e.g., individuals denied entry into the facility due to acute medical condition).
Inpatient hospital days	116	Total number of days individuals were collectively hospitalized during the specified time frame (e.g., one year, one month).
Offsite appointments completed	410	Total number of medical appointments completed outside of the facility during the specified time frame (e.g., one year, one month).

Patients sent to the ER	529	Total number of individuals sent to the emergency room during the specified time frame (e.g., one year, one month).
Ambulance Runs	123	Total number of ambulance runs during the specified time frame (e.g., one year, one month).
INFECTIOUS DISEASE		
Hepatitis A flag	0	Total number of individuals identified - either by history or diagnosed while in custody - as having Hepatitis A during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
Hepatitis B flag	8	Total number of individuals identified - either by history or diagnosed while in custody - as having Hepatitis B during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
Hepatitis C flag	182	Total number of individuals identified - either by history or diagnosed while in custody - as having Hepatitis C during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
HIV/AIDS	28	Total number of individuals identified - either by history or diagnosed while in custody - as having HIV/AIDS during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
Syphilis	8	Total number of individuals identified - either by history or diagnosed while in custody - as having Syphilis during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
Gonorrhea	12	Total number of individuals identified - either by history or diagnosed while in custody - as having Gonorrhea during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
Chlamydia	17	Total number of individuals identified - either by history or diagnosed while in custody - as having Chlamydia during the specified time frame (e.g., one year, one month). Note - individuals with this condition are followed at routine intervals throughout their detention.
Ectoparasites	39	Total number of individuals identified and treated while in custody as having Ectoparasites (e.g., lice, scabies) during the specified time frame (e.g., one year, one month).

Active tuberculosis	9	Total number of individuals identified and treated while in custody as having active Tuberculosis (e.g., lice, scabies) during the specified time frame (e.g., one year, one month).
Respiratory infection	101	Total number of individuals identified and treated while in custody as having active respiratory infection via Upper Respiratory Complaints Nursing Protocol during the specified time frame (e.g., one year, one month).
Antibiotic-resistent infection	2	Total number of individuals identified and treated while in custody as having active Tuberculosis (e.g., MRSA) during the specified time frame (e.g., one year, one month).
Medication-Assisted Treatment (MAT) / Detox	**2021**	
Participating Patients	289	Total number of individuals who participated in the MAT program since program launch in June 2021
MAT Medications Administered	7841	Total number of MAT medications administered for the purposes of detoxification and withdrawal protocols and/or long-term MAT services.

CA Department of State Hospitals - JBCT Monthly Summaries - Mendocino Co.

JBCT Monthly Summary - Sept 2021

				JBCT-MENDOCINO															
Month	Maximum Bed Count[1]	Average Daily Census[2]	Average Referral Screening Time (days)[3]	Admissions: Gender		Total Admissions	Average time on Waitlist (days)[4]	Discharges: Gender		Total Discharges	Average Length of Stay (days)[6]	Average Length of Treatment - Restored (days)[7]	Total Restored	Total Transferred to SH	Unlikely to Restore	Max Commitments	Other	% Restored	% Transferred to SH	% Unlikely to Restore
