

## MENDOCINO COUNTY *MEMORANDUM*

---

Date: July 29, 2016  
To: Board of Supervisors  
From: Supervisor John McCowen  
Subject: Agenda Item 4L

---

The Board requested that the Department bring forward (on consent) an agenda item to formalize implementation of the amnesty program. I anticipated a concise statement of the program that would be formally adopted by the Board instead of general statements in an agenda summary. However, the essential elements of the amnesty program are included in the "Summary of Request". My concern can be addressed by adding: "...as stated in the Summary of Request" to the Recommended Action/Motion. If there is no objection this change can be included by reference in the motion to approve the consent calendar. Thank you for your consideration of this request.
