In regards, to The notice of condition compliance determination letter that was received for the Dharma realm Buddha Association (DRBA) project; International Institute of philosophy and ethics (IIPE). We concerned neighbors, disagree with the condition of approval for #UR 2009-0002, condition B-1. We believe the final building site plan does not conform to the project analyzed in the environmental impact report and the use permit approved by the planning commission. Therefore we concerned neighbors are requesting a public hearing before the planning commission.

Sincerely yours,

Cody Akin
