#### **SUMMARY OF PROPOSED ORDNANCE**

#### **ORDINANCE AMENDING CHAPTER 18.16 OF THE MENDOCINO COUNTY CODE RELATING TO THE COUNTY'S MASTER GRID AND PROPERTY NUMBERING SYSTEM**

This ordinance is amending Chapter 18.16 of the Mendocino County Code to provide clarification and definition to existing property addressing processes and to eliminate outdated or irrelevant sections. Changes include clarifying east/west and north/south address base lines; allowing discretion for addressing unimproved parcels; clarifying the process used to determine the address range for a road and how numbers are assigned; limiting property numbers to whole numbers only with limited exceptions; requiring posted road signs for private roads; requiring roads to serve four dwellings and/or business establishments rather than four parcels for road name petitions; designating the Address Coordinator as the system administrator, instead of the Building Inspector; amending the penalty provisions; as well as renumbering sections for clarity and making minor technical amendments.

The proposed ordinance is scheduled for adoption on December 6, 2016.

A complete copy of the ordinance is on file with the Clerk of the Board of Supervisors and is available for inspection and copying as a public record.
