Re: Appointment of Interest Application – Laytonville Area Municipal Advisory Council

I am asking for your consideration for reappointment to the Laytonville Area Municipal Advisory Council. I have been serving on the Board as its elected Secretary.

As an 20 year resident of Laytonville and having worked in the North County for many years prior to moving here from Ukiah. I continue to be very interested in how Laytonville and our surrounding communities will be affected by the increased tourism since the completion of the Willits Bypass. In addition, I am concerned about our current water situation, especially in times of drought and potential growth, the inadequate housing opportunities for our community as well as the lack of sustainable and long term businesses in the community.

Considering our vast resources of timber, ranching and other farming opportunities here, the zoning designations within the general plan, carbon sales and timber harvesting all of which needs to be addressed on how this will affect our future growth. In addition, there are few opportunities for our children to continue their higher education or find employment due to the lack of public transportation for our North County Citizens or providing for new employment opportunities that provide a sustainable wage.

I have served this county in a variety of ways from employment to volunteerism. Mendocino County has been my home since I was a child and one that I raised my children in. As the North County grows, I would like to continue being an active participant of the shared vision and decision making process as the future of the Laytonville Area prepares to move forward.

Thank you for taking the time to review my application. Should you have any questions, please feel free to contact me.

Best Regards,

Alice Langton-Sloan
