Certification

Please read the following statements and indicate your acceptance thereof.

I hereby certify that I am a registered voter in the State of California, County of Mendocino, a citizen of the United States, and will be at least 18 years of age at the time of the next election. I am not imprisoned or on parole for the conviction of a felony. I certify under penalty of perjury, under the laws of the State of California, that the information on this application is true and correct. I understand that assuming this public responsibility could result in public knowledge of my background and/or qualifications, including financial interests. Applications will be kept on file for one year.

Anna Neumann

Education

- Humboldt State University
2010-2013
Major: Oceanography
Emphases: Scientific Diving
GPA: 3.48
- Cuesta Community College
2008-2010

Work Experience

- North Coast Regional Manager
5/2013-Present
Reef Check California
Fort Bragg, Ca
Responsibilities include training Reef Check California divers, organizing and conducting Reef Check California surveys, working as a co-chair of the Mendocino MPA Collaborative, as well as managing all social media platforms for the Reef Check Foundation.
- Open Water Scuba Instructor
7/2013-4/2014
Dressel Divers International
Playa del Carmen, Mexico
Responsibilities included certifying PADI Discover Scuba Divers, Scuba Diver, Open Water Scuba Divers, Advanced Scuba Diver and Rescue Scuba Diver as well as selling dive tours and outfitting clients with dive gear.
- Intern
6/2012-5/2013
Humboldt State University Tidewater Goby Project
Arcata, CA
Responsibilities include traveling to the marine lab to acquire algae, feeding fish, cleaning tanks, and performing general chores associated with captive cultivation.
- Research Intern
7/2012-8/2012
University of Victoria Whale Lab
Flores Island, B.C.
Intern's responsibilities included preparation of the boat, taking longitude and latitude data of whales along a predetermined transect, identifying the whales at sea, and using photos taken to identify whales in the lab.
- Research and Public Outreach Intern
6/2011-8/2011
Blue Ocean Society
Portsmouth, NH

Research Intern responsibilities included taking behavioral sequencing data on whales being watched by local whale watching boats, taking longitude and latitude data on whale location and identifying whales.

Public Outreach responsibilities included going on local whale watching tours and educating passengers about whale biology and ocean process, attending and hosting local beach clean up's, working local events and touch tanks educating children about marine life.

- Lead Lifeguard/ Swim Lesson Coordinator
8/2009-6/2010

Cuesta Community College
San Luis Obispo, CA

Lead Lifeguard responsibilities included scheduling staff, hiring staff, leading training days, reviewing time cards, resolving staff conflicts, and general paperwork.

Swim Lesson Coordinator responsibilities included scheduling swim instructors, hiring swim instructors, meeting with parents, and swim lesson registration. I was also responsible for insuring that our program met the regulations set forth by the American Red Cross.

Presentations

- North Central Coast Baseline Meeting
Review of Reef Check data in the North-Central Coast study region for public knowledge.

2016, Gualala, CA

- North Coast Baseline Meeting Updates 2016, Arcata, CA
Updating other principle investigators on the status of Reef Check's baseline monitoring on the north coast.
- Introduction to Scientific Diving 2016, Fort Bragg, CA
Spoke on Scientific Diving methodology to Mendocino High School students
- Reef Check California 2015, Arcata, CA
Spoke at Ocean Night, Pints for Non-profit events about Reef Check California's mission.
- The Effects of Kelp Deforestation on Local Biodiversity 2013, Arcata, CA
Reviewed literature on the topic of kelp deforestation and biodiversity in California's kelp forest.
- Gray Whale (*Eschrichtius robustus*) Occurrences and Foraging Techniques in Kodiak Alaska 2013, Arcata, CA
Reviewed literature on Gray Whales in southeast of Kodiak, Alaska.

Related Programs

- Volunteer Scuba Instructor Humboldt State University
2013-Present Fort Bragg, Ca
Volunteering time to Humboldt State University leading scuba dives with beginning and advanced divers. Working as safety divers behind other instructors and working one on one with students to improve dive skills
- Marine Debris Program Founder Humboldt State University
8/2012-5/2013 Arcata, CA
As part of an independent research project I founded the Humboldt State University Marine Debris Program. We are currently monitoring 2 sites in the local area for marine debris and are submitting the data to the NOAA Marine Debris Program. I have also created a website where information on Marine Debris can be found and am currently working on creating a database where members of the community can record debris found on local beaches.
www.humboldt.edu/marinedebris

Certifications

- DAN Oxygen Provider
- NAUI Dive Master
 - AAUS Scientific Diver
 - PADI Open Water Scuba Instructor
