

Dear Supervisors,

6.12.17

Re: Westport transfer station [Willits Solid Waste Management] reopening.

We have an eight-member family owned house in Westport; I've been going there since 1960. The only real aggravation is trash removal, especially if one stays more than two or three days. The transfer station up at the firehouse was a perfect solution; for a small sum one could leave trash and turn over the recyclables; we can't realistically afford a monthly or even biweekly service from Solid Waste. If you can see your way clear to authorize the reopening of that center I believe that it would be of great benefit to a number of village residents and visitors. Thanks for your consideration.
