Interests & Experiences

Special Expertise, Experience, or Interest in This Area?

I am a retired law enforcement traffic accident reconstructionist with experience in traffic safety, planning and design. I have additional traffic management experience at a retired transportation office in the US military. I have experience in law enforcement safety and civil emergency management from both my law enforcement and military careers. I have a degree in Administration of Justice and hold a California Community College teaching credential in that field. I reside in the Cherry Creek Ranches subdivision and could represent 125 to 150 (approximately) owners here. I believe that my experience could be of value when advising on matters of public safety, health, welfare, public works and planning.
