Dear Supervisors,

Please vote to establish a Future Generations Fund and allocate 20% of the local cannabis tax for local prevention programs for children prenatal to age 21. It will more than pay for itself in terms of the costs that will otherwise be accrued down the line. It will also send a much needed message to our community that advocating cannabis as our economic salvation turns a blind eye on the real costs of cannabis culture not only to our youth but to our entire community.
