

Mendocino County Board of Supervisors
501 Low Gap Road
Ukiah, CA 95428

Re: Aug 22nd, 2017 Board meeting on Cannabis Ordinance #4381

Dear Honorable Supervisors,

We, the undersigned support the following revision requests for Cannabis Ordinance #4381.

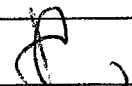

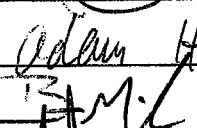

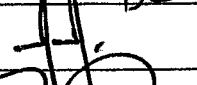

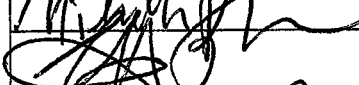

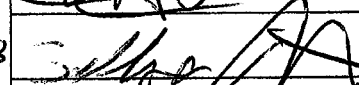

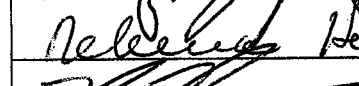

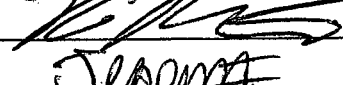

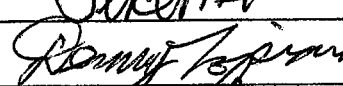

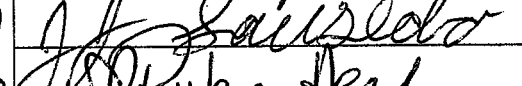

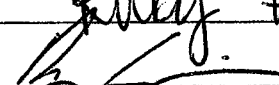

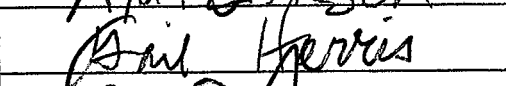

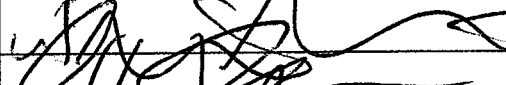

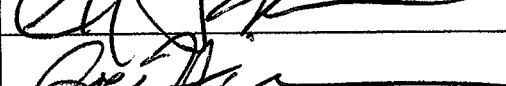

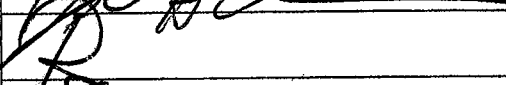

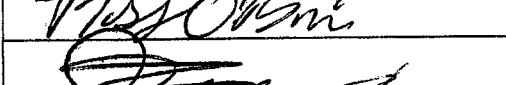

1. **Provide an Overlay for Round Valley;** otherwise many farmers will be ineligible due to acreage, zoning and setback restrictions. Without an overlay many farmers in our community will be displaced.
2. **Provide Transferability for permits on FL, Rangeland and TPZ** parcels to non-related people. This will not affect the CEQA because no NEW cultivation sites will be created. This will preserve land value for property owners and property taxes for the county.
3. **Offer a cottage grow permit for 25 plants or less with a nominal fee**
4. **Do not change the current date of tree removal from May 4th 2017 to a retroactive date of Jan 1st 2017**
5. **Accept a remediation plan for tree removal** rather than a complete denial of applicants
6. **Allow cultivators to transport their product.** Please provide language in the ordinance that allows permitted cultivators to transport product to/from dispensaries, nurseries, testing facilities and legal retail sites.
7. **Offer an AG-exempt building permit for a trimming/processing facility**
8. **Do not impose ADA requirements** (bathroom, parking lot, & ramps) on farms not open to the public and have fewer than 5 employees
9. **Do not require farms in sunset zones to build commercial facilities with ADA requirements,** as they will be phased out in less than 3 years. As a result, these types of buildings with ADA bathroom, parking lot and ramps will essentially sit vacant after May 4th, 2020.
10. **Cancel the track and trace program,** as the state will provide this program through a different vendor. Farmers should not be required to pay for 2 programs
11. **Offer a time-out option for farms** and do not require farmers that take time off to still pay the county imposed tax on products they won't be producing or selling
12. **Allow cultivators to participate in an Advisory Committee if one is to be created.** At the very least, it would be great to see several cultivators that could represent from each town in the county. This would strengthen the committee by having people that have direct experience with cannabis cultivation.
