Notwithstanding the foregoing, if the COUNTY determines that pursuant to state and federal law CONTRACTOR is an employee for purposes of income tax withholding, COUNTY may upon two (2) week's written notice to CONTRACTOR, withhold from payments to CONTRACTOR hereunder federal and state income taxes and pay said sums to the federal and state governments.

- 2. INDEMNIFICATION: CONTRACTOR shall indemnify, defend, and hold harmless the COUNTY, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever including damages to property and injuries to, or death of persons, reasonable attorney's fees, expert fees and court costs occurring or resulting, or alleged to be occurring or resulting, to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connections with the CONTRACTOR'S performance or its obligations under this AGREEMENT, and from any and all claims, liabilities, and losses occurring or resulting, or alleged to be occurring or resulting, to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR'S performance of its obligations under this AGREEMENT, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of COUNTY. "CONTRACTOR'S performance" includes CONTRACTOR'S action or inaction and the action or inaction of CONTRACTOR'S officers, employees, agents and subcontractors.

- a. In performing services under this Agreement, CONTRACTOR shall observe and comply with all applicable laws, ordinances, codes and regulations of governmental agencies, including federal, state, municipal, and local governing bodies, having jurisdiction over the scope of services, including all applicable provisions of the California Occupational Safety and Health Act. CONTRACTOR shall indemnify and hold COUNTY harmless from any and all liability, fines, penalties and consequences from any of CONTRACTOR's failures to comply with such laws, ordinances, codes and regulations.

[END OF GENERAL TERMS AND CONDITIONS]

EXHIBIT A

DEFINITION OF SERVICES

The Family Resource Center Network of Mendocino County (the Network) is comprised of the following 501(c)(3) nonprofit family resource centers (FRCs): Action Network, The ARC Family Resource Center, Laytonville Healthy Start, Nuestra Alianza de Willits Family Resource Center, Potter Valley Youth and Community Center, The Arbor, Round Valley Family Resource Center, and Safe Passage Family Resource Center. The mission of the Network is to nurture the collaborative efforts of FRCs within Mendocino County to provide strength-based services that embrace all cultures in response to community needs. FRCs provide a broad array of services for children, youth, and their families. The Network enables the FRCs to continue to serve their communities while collaborating with others doing similar work in order to share ideas and resources, learn from each other's experiences, create a body of best practices, and enhance the financial viability of FRCs.

On July 1, 2017, The Network will enter into an agreement with Redwood Community Services, Inc. (RCS). RCS will serve as the fiscal agent for the Network and has agreed not to be compensated for this service.

CONTRACTOR shall provide the following services to be performed by members of the FRC Network of Mendocino County:

- I. Child Abuse Prevention, Intervention and Treatment Program (CAPIT):
 - A. After School and Summer Programs: These programs offer either English or Spanish speaking families a safe place where their children can build both academic and social skills and often provide care while the students' parents are at work.
 - 1) Laytonville Healthy Start FRC after-school program students include: minorities and disabled, adoptive, and at risk-children. Laytonville serves students in grades 6-12 and runs a two day a week after school program with activities such as cooking and snack making, homework help, computer access, group projects, community service, and physical activities (basketball, etc). A new component of the program is to inspire youth to take action in their community by engaging in ways to promote safety, substance abuse prevention, health and nutrition, and safe routes to school. The goal of the program is to give adolescents a safe place to hang out, get a snack, do homework, learn something new, build skills and inspire action and to expose them to healthy adult role models from the community. Both the after school program and summer program provide respite to families since there is no formal day-care in the community. The summer program for children ages 4-11 utilizes teenagers from the community to act as mentors. The three day a week, four week program provides respite to parents and care-givers, since child care services are limited in the community. Both programs offer

transportation for families who struggle with finding a ride for their children to participate in the programs. There is a school-based after-school program for children in this age group, however the FRC works with the school to allow children the choice of which program to participate in. In a few cases, children will participate in both programs.

- 2) Nuestra Alianza FRC offers a non-duplicated specialty segment within the after school program directed by the Kids Club in Willits. Nuestra Alianza uses bilingual aides to focus on the needs of high-risk Latino children from all three grammar schools in Willits. Children who have no assistance with home work at home, because their families do not speak English, receive help and encouragement during after school hours from bilingual aides who have the same native language and culture as the children. Nuestra Alianza also contacts Latino parents when they need to be advised about their children's needs. The opposite also happens: sometimes parents contact Nuestra Alianza about something that could affect a child's academic progress or general welfare. In addition, Nuestra Alianza serves to enhance the well-being of all the children in the program by offering elective enrichment programs and encouraging an accepting and welcoming atmosphere for all the program's children.
- 3) The Arbor Youth Resource Center will provide a one day a week youth dropin program that includes: foster youth and adoptive, at-risk, minority, and
 disabled clients. The drop-in program provides computer access, games
 (such as pool), snacks, optional classes, and a clothing closet. During this
 time, Arbor staff are available to give one-on-one support in application
 assistance, peer support, homework help, navigating systems, and
 connecting youth to services. The goal of the program is to give adolescents
 a safe place to gather, get a snack, do homework, learn something new and
 to expose them to healthy adult role models from the community.
- 4) Round Valley FRC (RVFRC) will provide an afterschool program for school age youth. Services include healthy snacks, access to computers, tutoring, and supportive adult role models. Also, RVFRC offers a three-week half-day summer program which includes healthy lunch, mentoring, physical activities, art activities, and special guest speakers on a variety of topics. The summer program provides jobs for teens who work as mentors and aides. RVFRC provides tutoring to elementary through high school aged students.
- B. Tutoring Programs: English or Spanish speaking children are provided with a safe place where they can build academic skills. These programs offer students with mentoring and college prep courses in addition to the usual academic support and enrichment activities. Pre and post-tests will be conducted to evaluate each student's progress and the program's effectiveness. The pre and post-test scores will be entered into the MendoFRC database.

- 1) Round Valley FRC in Round Valley and Potter Valley Youth & Community Center FRC in Potter Valley will offer after-school tutoring. All FRCs serve atrisk, low-income, and minority children. Participants will have transportation to the sites, which are off-campus of schools.
 - i. Students receive individual and group assistance with homework in subjects including math, science, and reading. The instructors check back with the students to make sure there is comprehension of the materials covered. All students complete a pre and post-test to evaluate their individual progress and the effectiveness of the program.
 - ii. The target population for Potter Valley is a multicultural group of children from grades 1-8, ranging in age from 6 -13 years. Round Valley FRC provides services to Native American children as well.

C. Parent Education and Support

- 1) The <u>ARC FRC</u> will offer "Mama Y Yo", a structured playgroup, which includes: free play, a healthy snack, a structured activity, and regular ASQ (Ages and Stages Questionnaire) and ASQ-SE (Ages and Stages Questionnaire: Social Emotional) screening with discussion and follow up with trained staff. The ARC provides bilingual services and supports and primarily serves children 0-5 years old and their parents.
- Action Network will provide prevention, intervention, and treatment services at its two FRC locations in Gualala and Point Arena, as well as through home visits and will target high risk children, minority children, and children under 14 years of age.

Medi-Cal Data Privacy and Security Agreement

The California Department of Health Care Services (DHCS) and the County of Mendocino Health and Human Services Agency (MC-HHSA) have entered into a Medi-Cal Data Privacy and Security Agreement in order to ensure the privacy and security of Medi-Cal Personally Identifiable Information (PII).

Medi-Cal PII is information directly obtained in the course of performing an administrative function on behalf of Medi-Cal, such as determining Medi-Cal eligibility or conducting IHSS operations, that can be used alone, or in conjunction with any other information, to identify a specific individual. PII includes any information that can be used to search for or identify individuals, or can be used to access their files, such as name, social security number, date of birth, driver's license number or identification number. PII may be electronic or paper.

AGREEMENTS

NOW THEREFORE, County and the Contractor mutually agree as follows:

I. Privacy and Confidentiality

A. Contractors may use or disclose Medi-Cal PII only to perform functions, activities or services directly related to the administration of the Medi-Cal program in accordance with Welfare and Institutions Code section 14100.2 and 42 Code of Federal Regulations section 431.300 et.seq, or as required by law.

Disclosures which are required by law, such as a court order, or which are made with the explicit written authorization of the Medi-Cal client, are allowable. Any other use or disclosure of Medi-Cal PII requires the express approval in writing of DHCS. Contractor shall not duplicate, disseminate or disclose Medi-Cal PII except as allowed in the Agreement.

- B. Access to Medi-Cal PII shall be restricted to only contractor personnel who need the Medi-Cal Pii to perform their official duties in connection with the administration of the Medi-Cal program.
- C. Contractor and/or their personnel who access, disclose or use Medi-Cal PII in a manner or for a purpose not authorized by this Agreement may be subject to civil and criminal sanctions contained in applicable Federal and State statutes.

II. Employee Training and Discipline

Contractor agrees to advise its personnel who have access to Medi-Cal PII of the confidentiality of the information, the safeguards required to protect the information, and the civil and criminal sanctions for non-compliance contained in applicable Federal and State laws. Contractor shall:

A. Train and use reasonable measures to ensure compliance with the requirements of this Agreement by their personnel who assist in the administration of the Medi-Cal program and use or disclose Medi-Cal PII; and take corrective action against such personnel who intentionally violate any provisions of this Agreement, up to and including by termination of employment. New employees will receive privacy and security awareness training from Contractor within 30 days of employment and receive regular reminders throughout their employment. This information will be recorded in employee records with dates of each training/reminder. These records are to be retained and available for inspection for a period of three years after completion of the training/reminders.

III. Management Oversight and Monitoring

The Contractor agrees to establish and maintain ongoing management oversight and quality assurance for monitoring workforce compliance with the privacy and security safeguards in this Agreement when using or disclosing Medi-Cal PII and ensure that ongoing management oversight includes periodic self-assessments.

IV. Confidentiality Statement

Contractor agrees to ensure that all contractor personnel who assist in the administration of the Medi-Cal program and use or disclose Medi-Cal PII sign a confidentiality statement. The statement shall include at a minimum, General Use, Security and Privacy Safeguards, Unacceptable Use, and Enforcement Policies. The statement shall be signed by the Contractor and their personnel prior to access to Medi- Cal PII.

V. Physical Security

Contractor shall ensure that Medi-Cal PII is used and stored in an area that is physically safe from access by unauthorized persons during working hours and non-working hours. Contractor agrees to safeguard Medi-Cal PII from loss, theft or inadvertent disclosure and, therefore, agrees to:

- A. Secure all areas of Contractor facilities where personnel assist in the administration of the Medi-Cal program and use or disclose Medi-Cal PII. The Contractor shall ensure that these secure areas are only accessed by authorized individuals with properly coded key cards, authorized door keys or access authorization; and access to premises is by official identification.
- B. Ensure that there are security guards or a monitored alarm system with or without security cameras 24 hours a day, 7 days a week at Contractor facilities and leased facilities where a large volume of Medi-Cal PII is store
- C. Issue Contractor personnel who assist in the administration of the Medi-Cal program identification badges and require County Workers to wear the identification badges at facilities where Medi-Cal PII is stored or used.

- D. Store paper records with Medi-Cal PII in locked spaces, such as locked file cabinets, locked file rooms, locked desks or locked offices in facilities which are multi-use (meaning that there are personnel other than contractor personnel using common areas that are not securely segregated from each other.) The contractor shall have policies which indicate that Contractor and their personnel are not to leave records with Medi-Cal PII unattended at any time in vehicles or airplanes and not to check such records in baggage on commercial airlines.
- E. Use all reasonable measures to prevent non-authorized personnel and visitors from having access to, control of, or viewing Medi-Cal PII.

VI. Computer Security Safeguards

The Contractor agrees to comply with the general computer security safeguards, system security controls, and audit controls in this section. In order to comply with the following general computer security safeguards, the Contractor agrees to:

- A. Encrypt portable computer devices, such as laptops and notebook computers that process and/or store Medi-Cal PII, with a solution using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution. One source of recommended solutions is specified on the California Strategic Sourced Initiative (CSSI) located at the following link:

 www.pd.dgs.ca.gov/masters/EncryptionSoftware.html. The Contractor shall use an encryption solution that is full-disk unless otherwise approved by DHCS.
- B. Encrypt workstations where Medi-Cal PII is stored using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution, such as products specified on the CSSI.
- C. Ensure that only the minimum necessary amount of Medi-Cal PII is downloaded to a laptop or hard drive when absolutely necessary for current business purposes.
- D. Encrypt all electronic files that contain Medi-Cal PII when the file is stored on any removable media type device (i.e. USB thumb drives, floppies, CD/DVD, etc.) using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution, such as products specified on the CSSI.
- E. Ensure that all emails sent outside the Contractor's e-mail environment that include Medi-Cal PII are sent via an encrypted method using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution, such as products specified on the CSSI.
- F. Ensure that all workstations, laptops and other systems that process and/or store Medi-Cal PII have a commercial third-party anti-virus software solution and are updated when a new anti-virus definition/software release is available.

- G. Ensure that all workstations, laptops and other systems that process and/or store Medi-Cal PII have current security patches applied and up-to-date.
- H. Ensure that all Medi-Cal PII is wiped from systems when the data is no longer legally required. The Contractor shall ensure that the wipe method conforms to Department of Defense standards for data destruction.
- I. Ensure that any remote access to Medi-Cal PII is established over an encrypted session protocol using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution, such as products specified on the CSSI. The Contractor shall ensure that all remote access is limited to minimum necessary and least privilege principles.

VII. System Security Controls

In order to comply with the following system security controls, the Contractor agrees to:

- A. Ensure that all Contractor systems containing Medi-Cal PII provide an automatic timeout after no more than 20 minutes of inactivity.
- B. Ensure that all Contractor systems containing Medi-Cal PII display a warning banner stating that data is confidential, systems are logged, and system use is for business purposes only. User shall be directed to log off the system if they do not agree with these requirements.
- C. Ensure that all Contractor systems containing Medi-Cal PII log successes and failures of user authentication and authorizations granted. The system shall log all data changes and system accesses conducted by all users (including all levels of users, system administrators, developers, and auditors). The system shall have the capability to record data access for specified users when requested by authorized management personnel. A log of all system changes shall be maintained and be available for review by authorized management personnel.
- D. Ensure that all Contractor systems containing Medi-Cal PII use role based access controls for all user authentication, enforcing the principle of least privilege.
- E. Ensure that all Contractor data transmissions over networks outside of the Contractor's control are encrypted end-to-end using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution, such as products specified on the CSSI, when transmitting Medi-Cal PII. The Contractor shall encrypt Medi-Cal PII at the minimum of 128 bit AES or 3DES (Triple DES) if AES is unavailable.
- F. Ensure that all Contractor systems that are accessible via the Internet or store Medi-Cal PII actively use either a comprehensive third-party real-time host based intrusion detection and prevention program or be protected at the perimeter by a network based IDS/IPS solution.

VIII. Audit Controls

Contractor agrees to an annual system security review by the County to assure that systems processing and/or storing Medi-Cal PII are secure. This includes audits and keeping records for a period of at least three (3) years. A routine procedure for system review to catch unauthorized access to Medi-Cal PII shall be established by the Contractor.

IX. Paper Document Controls

In order to comply with the following paper document controls, the Contractor agrees to:

- A. Dispose of Medi-Cal PII in paper form through confidential means, such as cross cut shredding and pulverizing.
- B. Not remove Medi-Cal PII from the premises of the Contractor except for identified routine business purposes or with express written permission of DHCS.
- C. Not leave faxes containing Medi-Cal PII unattended and keep fax machines in secure areas. The Contractor shall ensure that faxes contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Contractor personnel shall verify fax numbers with the intended recipient before sending.
- D. Use a secure, bonded courier with signature of receipt when sending large volumes of Medi-Cal PII. The Contractor shall ensure that disks and other transportable media sent through the mail are encrypted using a vendor product that is recognized as an industry leader in meeting the needs for the intended solution, such as products specified on the CSSI.

X. Notification and Investigation of Breaches

The Contractor agrees to notify John Martire, Chief Welfare Investigator, at 467-5856.

XI. Assessments and Reviews

In order to enforce this Agreement and ensure compliance with its provisions, the Contractor agrees to inspections of its facilities, systems, books and records, with reasonable notice from the County, in order to perform assessments and reviews.

XII. Assistance in Litigation or Administrative Proceedings

In the event of litigation or administrative proceedings involving DHCS based upon claimed violations, the Contractor shall make all reasonable effort to make itself and its personnel who assist in the administration of the Medi-Cal program and using or disclosing Medi-Cal PII available to DHCS at no cost to DHCS to testify as witnesses.
