Mendocino County Department of Planning & Building Services  
Attn: Robert LaPorte  
120 West Fir Street  
Fort Bragg, CA 95437

Dear Mr. LaPorte,

The Nature Conservancy (TNC) proposes to increase winter survival and rearing capacity for coho by constructing a single off-channel pond (SF-16), a split-flow side channel to maintain pond inlet accessibility (SF-17), and 2 engineered log jams (SF-13 and SF-14). The Coastal Commission Mapping Division has confirmed that structures SF-13 and SF-14 are in the Coastal Commission jurisdiction, while structures SF-16 and SF-17 are in the Mendocino County coastal jurisdiction.

Pursuant to Public Resource Code Section 30601.3, TNC is requesting that the project be consolidated and processed by the California Coastal Commission.

The following items are enclosed for your review:
