Intent: The Commercial classification is intended to be applied to lands appropriate for a variety of commercial uses. Lands classified Commercial should be within or contiguous to developed areas, such as near the boundaries of cities and in Community Planning Areas, and should be served by the publicly-maintained circulation network and should be situated in locations where future growth is anticipated. Residential uses in the commercial classification shall require County findings that the site need not be reserved for future commercial uses, and that the residential use is compatible with existing or anticipated commercial uses.

General Uses: General commercial, mixed uses, public facilities, public services, public assemblies, residential developments, utility installations.
