

## Hazard Mitigation Grant Program: Non-Competitive HMGP Funding for the 2017 Fires (FEMA Disaster Declaration DR-4344) 11/7/17

### Description:

Well-developed, construction-ready projects that implement a standalone, long-term risk reduction solution to flood or erosion hazards increased by fire in declared counties.

### Requirements:

- Projects **MUST** be able to be implemented within 30-90 days from award
- Must be a local government or PNP
- Must have an approved Local Hazard Mitigation Plan
- Long-term benefits must outweigh costs (BCR > 1)
- 25% local match required
- Up to \$5M Federal Share
- **No construction prior to FEMA/Cal OES approval**
- **Application Deadline: November 30, 2017**

### Eligible project types:

- Soil stabilization
- Erosion control
- Replanting/Reforestation
- Flood diversion and storage
- Drainage improvements
