Interests & Experiences

Special Expertise, Experience, or Interest in This Area?

I am particularly interested in mental service availability for children and families and the long term impact of adverse childhood experience on community health outcomes. My son was adopted from foster care and continues to receive behavioral health services. Additionally, my mother is seriously mentally ill, so I have experienced first hand the affects this has on a family.

Certification

Please read the following statements and indicate your acceptance thereof.

I hereby certify that I am a registered voter in the State of California, County of Mendocino, a citizen of the United States, and will be at least 18 years of age at the time of the next election. I am not imprisoned or on parole for the conviction of a felony. I certify under penalty of perjury, under the laws of the State of California, that the information on this application is true and correct. I understand that assuming this public responsibility could result in public knowledge of my background and/or qualifications, including financial interests. Applications will be kept on file for one year.

Board of Supervisors
Mendocino County
501 Low Gap Road
Ukiah, CA 95482

Dear Supervisors:

I am writing to express my interest in serving on the Behavioral Health Advisory Board. With the recent passage of Measure B and the significant need in our community for quality behavioral services, it is a critical time for the future of mental health in our county.

I am eager to help shape the future of mental health services largely because I want to make sure that my son, who was adopted from foster care, will have the kind of help he will need throughout his life due the trauma he faced at such a young age. My son is not alone in his need for behavioral health services. Looking at rates of substantiated child abuse and neglect, adults with adverse childhood experiences, and adults experiencing mental distress, I am convinced that more quality, accessible behavioral health services would make a significant difference in the health and well-being of communities across Mendocino County.

In addition to being a parent of a child with mental health challenges, I am also the daughter of a mother with serious mental illness. Since the early 90's my mother has had over 100 hospitalizations for diagnoses including Multiple Personality Disorder, Borderline Personality Disorder, and Bipolar Disorder. I understand how heartbreaking it is when a family member has to leave and seek services elsewhere and how dangerous it can be when a person does not have access to proper mental health services and is instead sent to an unsecured ER bed, or a jail cell. I know that we can do better for these families.

I also have professional skills that would benefit the Advisory Board. My work since arriving in Mendocino County in 2013 has consistently been to build community and create lasting resources for the future through the Healthy Mendocino Project and through my work with grant and scholarship programs with the Community Foundation of Mendocino County. I am currently the Senior Program Officer at the Community Foundation and am serving as the Healthy Mendocino Steering Committee Chairperson. I have worked with organizations and volunteers across the county on a wide spectrum of grant projects in diverse areas such as education, arts, community health, historical preservation, environmental and economic development. I am currently in Leadership Mendocino Class XXV, which is deepening my connections and understanding of issues across the county.

Prior to coming to California, I assisted with the development of a \$10 million combined Head Start, Family Resource Center, and Food Bank in Coos Bay, Oregon. The project used a complex arrangement of funding including a Community Development Block Grant, USDA Rural Development Loan and New Market Tax Credits. Through my education I have developed a solid base of writing skills as well as research and analytic capacity. My professional experience has rounded

Michelle L. Rich

out this foundation with public speaking, meeting facilitation, grant writing, as well as strong technical abilities.

My attached resume provides more details about my education and work history. I would be happy to provide any other information you may need. I look forward to bringing my experience and enthusiasm to the Behavior Health Advisory Board and hope to have the opportunity to make a lasting difference in Mendocino County. Thank you for considering my application.

Sincerely,

Michelle Rich
