Subject: Our county libraries

The library is very important to me. My friends and I get books every week and share them. I go to the bookmobile in Laytonville and I go to the libraries in Willits, Ukiah and Fort Bragg. These are sacred places where all people can go in and use the facilities. We voted for extra tax to support the library, so don't lump them together with parks and museums. They are a STAND ALONE and amazing part of this culture.
