## Keep it Clean

The blue recycling bin is not for trash. Make sure you're putting the right materials in the right bins!

# Special Materials

## Organics

Learn all about what to do with your organic waste, what happens to it, and how you can use compost at home.

## Electronic Waste

From TV's and monitors to computers and printers. Find out about E-Waste recycling throughout the county.

## CFL's and other Bulbs

Shed some light on what to do with all those lightbulbs.

## Medications

Keep your unused medications out of the environment and out of the hands of your kids by using the safe medication disposal program.

## Needles

Don't get stuck doing the wrong thing. Needles can't go in the trash, find out how to safely dispose of them.

## Used Oil and Filters

Hey Slick! Keep used oil out of our waterways — recycle your oil every time.

## Paint

Didn't use up all the paint from your last project? Recycle it with us! You can even take some free recycled paint while you're here.

## Styrofoam

You can't recycle it, so try to avoid it whenever you can.
