Dear Ms. Foster,

We are not in favor of changing the name of Cox Schrader Road (Frontage Road E) to Rivino Ranch Road. Why change the name of this exit as it has been named this for well over 50 years?

I imagine this would cost quite a bit of money to remove the old signs, put new signs up and have extra hours of labor for the county. Also, there would be money going out to change the name of this frontage road on maps, etc. How about taking that money and putting it into the roads in Mendocino County? We surely can see as we drive around the County of Mendocino that there is definitely room for improvement on these roads. One last thought: if Rivino Winery was ever to sell to someone else and the new owners wanted to change the name of the winery to their name, it could be confusing.

We are totally in favor of the sale of the small piece of property going to Rivino Winery. This would benefit them and make great parking for them. Rivino Winery has been a great addition to our area and run by some great people.

Thank you.
