

To Members of the Mendocino City Council,

I have been going Love In It for almost a year. I have to use cannabis for medical reasons as I am bi-polar, have depression and serious back pain. The caring staff continuously helps me to find products that help me without having to resort to expensive and addictive prescriptions.

With their existing small, cramped quarters, I have often had to wait up to 20 minutes to enter the display area as several other customers were inside. Standing outside, often in rainy and windy weather, is not good for my health.

Therefore, I strongly support their efforts to move to a larger store space. This will help prevent customers from waiting and crowding the small walkway outside the current location.

If the existing distance statutes are good enough for the rest of the state, they should be satisfactory for Mendocino. Let's be in conformity with the rest of California.

Please allow this move to happen. Thank you.

A handwritten signature in black ink, appearing to read "Lorna Kiddoo". The signature is fluid and cursive, with the first name "Lorna" written in a larger, more prominent script than the last name "Kiddoo".
