

To: The County Board of Supervisors

I am a devoted client of Love In It. I am a cancer survivor who relies on the medicine Love In It supplies. I have been informed that they need a larger place to comply with the state statutes for the division of pharmaceutical and recreational use.

Love In It has found a place that fits the required space. It seems that the building is within 1,000 feet of the Baptist Church which falls within the boundary of disallowing such a dispensary to do business.

Love In It is an honorable dispensary that helps many

over

people. The neighboring <sup>businesses</sup> have no problem with having a dispensary as their neighbors. Love In It complies explicitly with the rules regarding California statutes according to the Cannabis laws—you cannot get into the dispensary without adequate identification. There is NEVER ANY SAMPLING OF PRODUCT ON THE PREMISES.

I cannot see a problem for the move Love In It may cause; they are an honorable business that will have no negative problem.

Sincerely,  
Mary E. Mesler
