

**DEPARTMENT OF AGRICULTURE
Commissioner's Report – July 24, 2018**

The cannabis unit has planned four events to allow cultivators to complete application requirements and move permits forward. Each day will consist of two sessions. One will be open to allow applicants who need help with applications, have questions about the status of their permit and/or would like to submit applications for administrative permits. The other will be a presentation by Chevon Holmes from the Department of Agriculture and Jesse Davis from Planning and Building Services to review new application documents and process.

Those who would like to attend but are unavailable during these times can contact Chevon Holmes at (707)234-6830 or holmes@mendocinocounty.org.
