3. The Final Report and the final Grant Disbursement Request must be received by CARB within thirty (30) days of project completion but no later than May 1, 2023.
4. The CARB Executive Officer retains the authority to terminate or reduce the dollar amount of this Grant if by December 1, 2022, forty (40) percent of the project scope of work has not been completed by the Grantee. In the event of such termination, Section G. Fiscal Administration, 3. Suspension of Payments and Early Grant Termination of this agreement shall apply.
5. If additional funding becomes available, the CARB Executive Officer retains the authority to amend this Grant to provide additional disbursement to the Grantee to complete tasks related to the Scope of Work for this Grant Agreement.

F. SCOPE OF WORK

This section defines the respective duties and requirements of CARB and the Grantee in implementing this Grant Agreement. In sum, the Grantee shall review and update data currently stored or being uploaded into the California Emissions Inventory Development and Reporting System (CEIDARS) database. If additional funding becomes available, this Grant Agreement may be amended in subsequent years to provide additional funding to the Grantee to improve the future data loaded into the CEIDARS database.

1. CARB is responsible for the following:

- a. Participating in a project kick-off meeting or conference call and ongoing coordination with the Grantee to discuss project activities and guide project implementation;

- b. Reviewing and approving elements developed by the Grantee for implementation of the project, such as Progress and Final Reports;
- c. Reviewing and approving the Grant Disbursement Request Forms and distributing funds to the Grantee in accordance with Exhibit B, Attachment II Project Disbursement Schedule if the milestones have been met;
- d. Providing project oversight and accountability (in conjunction with the Grantee); and
- e. Ensuring compliance with the applicable requirements of this Grant Agreement.

2. The Grantee is responsible for the following:

Development and implementation of defined project tasks as described below. Minimum duties and requirements of the Grantee include:

- a. Conducting a project kick-off meeting or conference call and maintaining ongoing project coordination with the CARB Project Liaison;
- b. Reviewing, updating, and submitting to CARB quality assured criteria and toxic pollutant emissions data for calendar year 2021 for stationary sources of criteria pollutant emissions and toxic air contaminants under the Grantee's jurisdiction;
- c. Overseeing the project budget and funds; and
- d. Submitting a draft Final Report, Grant Disbursement Requests, and a Final Report to CARB.

3. Project Development and Implementation

The Grantee's Scope of Work includes the following tasks and project elements:

- a. Review and update the district facilities²⁹ in CARB's 2021 CEIDARS emission inventory database that have been rolled over from prior inventory years. The Grantee should make a determination whether any facilities in their jurisdiction should be added to the database and report the required information per Section F.3.b below, giving priority to facilities subject to CARB's Regulation for the Mandatory Reporting of Greenhouse Gas Emissions (MRR facilities). In addition, the Grantee will work with CARB's emission inventory staff to remove closed facilities from the CEIDARS 2021

²⁹ For purposes of this Grant Agreement, "facility" means a stationary source within the Grantee's jurisdiction that is a reportable source of criteria pollutant or toxic air contaminant emissions.

facility tables.

- b. Review and, to the extent that the Grantee has the necessary data, update the following CEIDARS tables for each facility in operation in 2021:
 - i. FACILITY tables (FAC) – The Grantee must review and update the name, address, geospatial coordinates and, to the extent available, other basic information for each emitting facility in CEIDARS.
 - ii. Criteria and toxics EMISSION tables (EMS and TEMS) – These tables contain the actual emissions for each emitting process. For each pollutant emitted, the Grantee must review and, if data are available, update information on the amounts emitted annually.
- c. Reporting Applicability.

The Grantee must report into CEIDARS annual criteria pollutant emissions for all facilities that emit 10 tons/year or more of any of the criteria pollutants listed in section F.3.d below. In addition, the Grantee must report annual toxic pollutant emissions data collected under the Grantee's AB 2588 Air Toxics Hot Spots Information and Assessment Act program in accordance with the "*Air Toxics Hot Spots Emission Inventory Criteria and Guidelines*" (located at <https://www.arb.ca.gov/ab2588/2588guid.htm>).

- d. Pollutants to be Reported.

When updating the CEIDARS emissions tables described in Section F.3.b above, the Grantee must report emissions for the following criteria pollutants: total organic gases (TOG), nitrogen oxides (NOx), sulfur oxides (SOx), carbon monoxide (CO), particulate matter (PM), lead (Pb) and ammonia (NH3). In lieu of TOG and PM, the Grantee has the option of reporting reactive organic gases (ROG), and PM10 and/or PM2.5; however, if these three pollutants are not reported, CARB will calculate them based upon the respective TOG and PM speciation profiles. The Grantee must also report emissions of toxics pollutants that are listed in Appendix A-I (located at <https://www.arb.ca.gov/ab2588/final/a1.pdf>), in accordance with Section VIII.E of the "*Air Toxics Hot Spots Emission Inventory Criteria and Guidelines*".

4. Project Kick-off and Ongoing Coordination

Before initiating work on the project, a one-time kick-off meeting or conference call will be held between the Grantee and CARB project management staff. The purpose of this meeting is to discuss items such as the proposed work plan, details of task performance, and issues needing clarification or resolution prior to initiating work. Ongoing Grantee coordination and review meetings with the

CARB Project Liaison to discuss project status will be held as needed. Additional meetings may be scheduled at the discretion of the CARB Project Liaison. These meetings may be conducted by phone if deemed appropriate by the CARB Project Liaison.

The Grantee must immediately advise CARB in writing of any potential new conflicts of interest throughout the Grant Agreement term.

- 10. Disputes:** The Grantee shall continue with the responsibilities under this Grant Agreement during any dispute. Grantee staff or management may work in good faith with CARB staff or management to resolve any disagreements or conflicts arising from implementation of this Grant Agreement. However, any disagreements that cannot be resolved at the management level within thirty (30) days of when the issue is first raised with CARB staff must be subject to resolution by the CARB Executive Officer, or his designated representative. If the Grant Agreement is not terminated by CARB pursuant to this clause, upon completion of the event of force majeure, the Grantee must as soon as reasonably practicable recommence the performance of its obligations under this Grant Agreement. The Grantee must also provide a revised schedule to minimize the effects of the delay caused by the event of force majeure.
