

In accordance with Measure B's goals of providing necessary infrastructure to support and stabilize individuals with behavioral health conditions, including addiction and neurological disorders, the purpose of this RFP is to establish or implement comprehensive treatment and recovery program services which provide a full spectrum of substance use treatment, harm reduction, and recovery services for youth and/or adults in Mendocino County. Community stakeholder groups as well as a Countywide 2022 Infrastructure Needs Assessment Survey have informed the urgent need to expand capacity to address and care for those living with substance use disorder in Mendocino County. Behavioral Health and Recovery Services is seeking proposals for innovative continuum of care programs for youth and/or adults to help clients achieve and maintain sobriety. Successful applicants will use a whole person, client centered approach to services and providers are expected to engage in creative approaches to provide services. The RFP will allow for a broad range of substance use services, programs, and harm reduction focused proposals to be submitted.
