

APPENDIX A

CONFLICT OF INTEREST CODE

DESIGNATED POSITIONS

Under provisions of this Code, designated employees shall file statements of economic interests. The following are designated employees because their positions involve the making or participating in the making of decisions which could affect private financial interests materially. The financial effect of a government decision is material if the decision will have a significant effect on a person's or business entity's real property or source of income in question. Any investments, interests in real property and sources of income held by the designated employee's spouse or dependent children must be reported as through held by the designated employee personally.

Consultants to this District hold designated positions under this Conflict of Interest Code and are required to comply with the disclosure requirements described below. The Board of Directors may determine in writing that a particular consultant is hired to perform a range of duties that are limited in scope and thus not required to comply with the disclosure requirements described in these categories. Such determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Chairperson shall forward a copy of this determination to the Board of Directors. However, nothing herein will excuse any such consultant from any other provision of this Conflict of Interest Code.
