Subject: Opposition to Extension of Sunset Period

Re: BOS Meeting on May 14, 2019, Item 6e
Subject: Opposition to Sunset Extension in Neighborhoods

To the Mendocino County Board of Supervisors,

Neighbors have worked very hard over a long period of time to get protection from commercial cannabis operations in our rural neighborhoods. We truly appreciate the protections that the County has put in place for our neighborhoods. However, that protection is now threatened by the proposal to extend the Sunset period for Indoor Commercial cannabis grow operations in neighborhoods.

Commercial cannabis operations have been given 3 years to continue and this has been longer than any of us wanted. Extending the Sunset Period would allow commercial cannabis indoor growing to occur for 2 more years, for a total of 5 years in our rural neighborhoods - Deerwood, El Dorado, Rogina, Redemeyer Rd., Boonville Rd./Woodyglen, etc. and all over the County.

Having extended time for indoor commercial cannabis grows allows all of the negative effects that affect our neighborhoods to continue longer - increased traffic, crime, and commercial activities - all jeopardize our safe and peaceful neighborhoods, especially in areas where NO commercial cannabis was previously grown.

We respectfully request that you uphold the protections we worked so hard to put in place and keep commercial indoor cannabis operations, to the time period agreed upon.

Sincerely,

Alex Anzilotti
Boonville Road/Woodyglen Neighborhood
