## INTRODUCTION

This Fiscal Year (FY) 2019-20 Proposed Budget Report contains the FY 2018-19 projected fund balance, as estimated by Departments for the FY 2018-19 3<sup>rd</sup> Quarter Report in May, and a Summary of Adjustments recommended by the Chief Executive Officer (CEO). Also included is the FY 2019-20 Proposed Budget Summary, which contains the Auditor-Controller's projected revenue figures, the CEO's recommended adjustments, and a variety of other updates. At the end of the Budget Hearings to be held on June 4<sup>th</sup> and 5<sup>th</sup>, it is requested that the Board of Supervisors adopt the CEO's recommendations included in this document. The CEO and Auditor-Controller will make any revisions directed by the Board of Supervisors to the Proposed Budget, and the FY 2019-20 budget will be presented for formal adoption on June 18, 2019.

## BUDGET PROCESS OVERVIEW

Government Code § 29062 requires the Board of Supervisors to approve an Adopted Budget, on or before June 30<sup>th</sup> of each year. In January, the Board of Supervisors directed staff to prepare a budget for the Board of Supervisors to adopt in June. This process included three public workshops to allow the Board of Supervisors additional input into the budget process prior to development of the Proposed Budget. Once the Board of Supervisors considers the Proposed Budget and directs any changes, the budget will be presented for formal adoption by the Board of Supervisors on June 18<sup>th</sup>, which will provide the legal spending authority to the County for the new fiscal year. When the Auditor-Controller closes the books on the 2018-19 fiscal year and reports the final fund balance and reserve adjustments, the CEO will bring forward any additional adjustments that may be required as part of the FY 2019-20 1<sup>st</sup> Quarter review.

A recap of Mendocino County's Budget Process for the FY 2019-20 Proposed Budget: On March 6<sup>th</sup>, budget instructions for FY 2019-20 were issued by the Executive Office and distributed to County Departments at a Budget Kick-off Meeting. At this meeting, Departments were assigned a Net County Cost (NCC). The NCC for a Department is identified by taking the annual expenditures of a Department and subtracting the annual revenues derived by that Department. Most Departments operate at a loss and require infusions of discretionary general fund dollars in order to maintain services. Primarily property tax, sales tax, and transient occupancy tax revenues finance these infusions of revenue, referred to as NCC. The pool from which the County provides these monies is limited, and is annually adopted in the County's budget as Budget Unit 1000, known as Non-Departmental Revenue. An update on these funds is represented in Exhibit A of this document. Departments were instructed to submit a balanced budget. The instructions included a process to request additional funding necessary to maintain current levels of service and a process to request funding for new expenses. Departments were required to provide detailed information related to requests for fixed assets, facility modifications, and additional staffing requests. This ultimately resulted in additional requests for funding of approximately \$10,135,000 over NCC assignments or 16.7%.

Budget conferences with each department were held during the month of April. Executive Office and Auditor-Controller's Office staff met with representatives from each Department to review their budget requests, discuss their unique needs and concerns, and to review impacts and/or requests for additional funding. Department Heads were proactive, and together were able to identify a number of solutions to ultimately prepare a balanced FY 2019-20 budget.

Upon the conclusion of budget conferences, the Executive Office staff continued to analyze requests for additional funding by comparing requests to prior year funding levels, requesting additional meetings with Department staff to develop a better understanding of their critical operational needs, and working with the Auditor-Controller's Office and the Executive Office/Facilities & Fleet Division on requests for vehicles, equipment, and facility modifications. After considering each Department request and based on the FY 2018-19 3<sup>rd</sup> Quarter projections for General Fund balance available for financing in FY 2019-20, a list of proposed funding level changes was developed and is included in this report. The adjustments entitled "FY 2019-20 Proposed Budget Adjustments" are based on impact statements from the Department's submitted budgets with focus on salary and benefit increases from FY 2018-19.

The Proposed Budget presented for the Board of Supervisor's consideration is a balanced budget, as required by California Government Code § 29009, based on all currently available information. The budget is balanced in accordance with State code and one-time funding of \$1,608,825 from FY 2018-19 will be used to fund one-time operational expenses in FY 2019-20. Every year the County works to produce a budget that is balanced between the needs of our community and the revenue reality that is presented. All decisions and policies are solely the responsibility of the Board of Supervisors. The Chief Executive Officer serves as the administrative officer designated by the Board of Supervisors to advise and administer Board of Supervisors direction in fulfilling the requirements of GC § 29009.

Total proposed Budget Unit 1000 (Non-departmental Revenue) available as of March 31, 2019, is \$72,886,000, with special fund allocations of: \$1,507,439 to Debt Service, \$3,693,000 to Transportation and \$1,352,771 to Library, leaving \$66,332,790 for allocation to General Fund Departments for their Net County Cost (NCC) assignment. As stated in Attachment C, the total proposed Net County Cost for General Fund Departments is \$64,581,781. **The projected closeout of FY 2018-19 provides \$1,751,009 fund balance available for FY 2019-20.**

### **Proposed Budget Guidelines, Goals, & Priorities**

During the budget planning workshops held on March 23, April 26, and May 7, 2019, the Board of Supervisors recommitted to the following:

#### **Budget Guidelines:**

- Maintain current levels of service
- Invest in County infrastructure
- Focus on financial sustainability and identify cost savings whenever possible

#### **Goals & Priorities:**

- **Fiscal Stability**
  - Debt mitigation and elimination are a priority

### **State Budget Update**

On May 9, 2019, Governor Newsom released the May Revision to his 2019-20 January budget proposal. Governor Newsom reemphasized his commitment to dedicate most surplus funds to reserves and one-time spending, with targeted ongoing investments in priority areas, noting that a recession could cost the State's General Fund \$70 billion over three fiscal years. The proposed FY 2019-20 budget proposes a \$147 billion General Fund budget and \$214 billion in all funds and transfers, which largely reflects the increase in anticipated surplus compared to the Governor's January budget proposal. In the May Revision, the Governor proposes allocating an additional \$1.4 billion to pay down the State's unfunded liabilities and debt for a total of \$15 billion.

### **Fiscal Outlook**

The Governor's May Revision emphasizes the intensified risk to California's economic outlook due to several factors including:

- Policy action by the federal government that may undermine California's globally competitive industries, including agriculture and technology
- Slowing rates of global growth
- Federal deficits
- Challenges for young Californians that will have long-lasting impacts, including falling home ownership rates and increased student loan burdens
- Increasing frequency of natural disasters
- An increasingly aging population

Overall, the sales and use tax forecast is slightly lower (\$360 million) across the current year and the budget year compared to previous estimates, which is mostly due to slower growth in taxable capital investments than was expected after the federal tax cuts. Other factors include lower-than-expected cannabis sales and higher-than-expected use of the manufacturing exemption. The expanded application of sales and use taxes to online marketplaces, as required by the recently passed AB 147, was factored into the Governor's January budget. The May Revision expects property tax revenues to grow by 6.5 percent in 2019-20, after growing by 6.1 percent in 2018-19.

### **Emergency Preparedness and Response**

The Governor's May Revision expands on his January commitment to invest in California's overall resiliency to disaster. The May Revision includes an additional \$39.9 million in General Fund spending directed to a number of different departments that have a role in disaster preparedness and response. The proposal also includes funding for disaster contingencies and the development of a Statewide Disaster Reserve Corps for additional state capacity during emergencies. The proposal includes funds to assist local communities in recovering from recent wildfire devastation and investments to make their communities more resilient to future disasters. The additional investments include, but are not limited to, updates to the property tax backfills proposed in the January budget and funding to address the consequences of de-energizing power lines as a means to prevent wildfires during severe wind and weather events, including a \$75 million General Fund to improve resiliency of the State's critical infrastructure and to provide assistance to communities as needs are identified.

#### *Property Tax Backfill*

The Governor's May Revision includes one-time \$518,000 General Fund to local governments for 2018-19 property tax losses resulting from the 2018 wildfires. This builds on the Governor's January budget proposal of \$31.3 million. The additional \$518,000 reflects more accurate estimates from Los Angeles, Mendocino, Napa, Orange, San Diego, Solano, Tuolumne, and Ventura counties.

**Homelessness and Housing**

The May Revision includes significant changes to the Governor's January homelessness funding proposal. Overall funding is increased from \$500 million to \$650 million with \$275 million set aside exclusively for counties. The revised proposal also calls for the use of 2019 point-in-time homelessness counts and incentivizes regional collaboration by making funds contingent on cities and counties submitting regional plans to their Continuums of Care. Combined with other targeted investments, the May Revision includes total funding of approximately \$1 billion to combat homelessness.

The Governor's May Revision dedicates a total of \$750 million in one-time funding to local governments to increase housing production. This reflects the same amount of total funding allocated for these purposes in the January budget proposal, but there are slight changes proposed for the uses of the funding.

The May Revision continues to dedicate \$250 million to local governments for planning, technical assistance, and staffing to encourage housing production, but adds school districts and county offices of education as qualified entities for a portion of the funding to reuse surplus property for teacher housing. The planning funding allocation would be split evenly between regional councils of governments and direct allocations to local jurisdictions to help meet higher short-term state housing goals.

The January proposal dedicated \$500 million of the \$750 million as incentive money to local jurisdictions that meet housing-related goals established in regional housing action plans. The May Revision repurposes the \$500 million for grants under the Infill Infrastructure Grant Program administered by the Department of Housing and Community Development (HCD).

**Health and Human Services*****IHSS MOE Proposal***

The Governor's May Revision continues his January budget proposal to revise the County IHSS Maintenance of Effort (MOE). This includes lowering the County IHSS MOE base, reducing the inflation factor to four percent, and stopping the redirection of 1991 Realignment VLF growth from the Health and Mental Health subaccounts to Social Services. The County IHSS MOE will be rebased in 2019-20 down to \$1.56 billion. Based on updated Realignment projections and increased IHSS caseload and cost projections, this will require an increased General Fund commitment above the January projection. The increased General Fund costs for IHSS would be \$296.7 million in 2019-20, a \$55 million increase from January, and growing to \$615.3 million in 2022-23, which is a \$68 million increase above the January estimate. This represents a total increased General Fund commitment for IHSS of \$1.86 billion over the first four years of this new structure.

***Medi-Cal County Administration***

The Governor's May Revision includes an increase of \$15.3 million for Medi-Cal County Administration compared to January. Total funding is \$2.1 billion (\$729 million General Fund). This increase results from higher than projected growth in the California Consumer Price Index. The 2018-19 budget established the new Medi-Cal County Administration methodology that includes this annual adjustment based on the California Consumer Price Index.

**Administration of Justice*****Juvenile Justice***

The May Revision includes statutory changes to move the Department of Juvenile Justice from the California Department of Corrections and Rehabilitation to a new department under the California Health and Human Services Agency effective July 1, 2020. The new department will be called the Department of Youth and Community Restoration. \$1.2 million is included in the budget for key staff to plan for the transition.

## LEGISLATIVE UPDATE (CONTINUED)

### *Local Public Safety*

The Governor's May Revision includes \$14.8 million General Fund for county probation departments to supervise offenders on Post Release Community Supervision as a result of Proposition 57. It also includes \$6.2 million ongoing General Fund to restore funding to the Standards and Training for Corrections Program. In addition, the Governor included \$112.8 million to continue the Community Corrections Performance Incentive Grant program.

### **Agriculture, Environment, and Natural Resources**

#### *Cannabis*

During the May Revision, the Administration shared their proposal for the cannabis tax allocations with up-to-date revenue data. In January, the Administration expected the excise tax to generate \$355 million in 2018-19 and \$514 million in 2019-20. The May Revision has downgraded this revenue forecast to \$288 million for 2018-19 and \$359 million for 2019-20. When asked by reporters during his presentation if the state should take the responsibility for this lack of revenue, the Governor responded, "It takes time to go from something old to something new." He pointed out that it had only been 16 months since legalization and that during his campaign for Governor, he had consistently shared his viewpoint that it would take at least five to seven years for California to reach its expected revenue estimates from the new industry.

Revenues for this new industry are hard to predict, therefore, the flow of funding to these programs is subject to change. However, given the Administration's estimated revenue of \$288 million to the Cannabis Tax Fund for 2018-19, the Administration is proposing roughly \$89 million in administrative costs and a remaining \$198 million for research, equity, youth education, public health, environmental clean-up, and public safety programs.

### **Federal Budget Update**

Fall 2018 was another difficult year in budget negotiations at the federal level. Stability continues to be a concern at the local level as many budget line-items directly impact state and local finances. Similar to recent years, the House and Senate were unable to agree on any appropriation bills before the 2018 federal fiscal year resulting in a partial government shut down in December 2018 and 2019 before funding agreements could be reached.

On March 11, 2019, the Trump administration released its 2020 budget request. The budget proposal calls for \$4.75 trillion in spending with increased spending on the military and significant cuts to domestic programs like education, healthcare, agriculture, and environmental protections. The budget is unlikely to have an effect on actual spending levels, which are controlled by Congress. The budget is likely to face an uphill battle with Congressional majority leader's deeming it dead on arrival. Expectations for fall 2019 include difficult budget negotiations and possible utilization of continuing resolutions to fund the government should the President and Congress not meet an agreement by October 1.

### **Conclusion/Next Steps**

The Executive Office staff will continue to work with California state lobbyists and monitor federal legislative and budget developments to stay informed of proposed changes. Some budget items inevitably have a substantial effect on Mendocino County and its residents, while others are less felt. County staff is committed to keeping a firm hold on information resources to be able to allow the Board of Supervisors to act proactively when needed.

## SUMMARY OF CHANGES IN THE FY 2019-20 PROPOSED BUDGET (FROM FY 2018-19)

This report includes budget adjustments recommended to the Board of Supervisors. A summary of the adjustments is included in Attachment B.

### **Salary and Benefits**

The County has entered into formal labor negotiations with two of our eight bargaining units. Negotiations will begin for all remaining bargaining units over the next several months as all agreements expire in 2019. In addition to the challenge of budgeting potential costs related to labor negotiations, the County is currently reviewing the KOFF Compensation Study, which includes recommendations for bringing salaries closer to market and addressing internal alignment of classifications.

### **BU 1000 Discretionary Revenue**

The Auditor-Controller's projections are largely the same as reported during the third quarter report, with small increases in the major tax revenue streams. The total FY 2019-20 revenue for BU 1000 is projected to increase \$1,411,000 or a total of 2% over the projection for FY 2018-19. A detailed breakdown of discretionary revenue projections is included as Exhibit A.

Budget Unit 1000 includes operating transfers of General Fund dollars to other funds. The FY 2019-20 Proposed Budget includes operating transfers to the Department of Transportation, the Library, and the Debt Service Fund. These operating transfers are further detailed in Attachment H and other various charts included in this report.

### **BU 1930 Teeter Plan**

The Teeter Fund runs most of the year with a deficit cash balance and, therefore, incurs an interest "expense" instead of interest "revenue". The County's goal for the Teeter Plan is to always first cover any current year interest expense and any current year property tax delinquency, with the redemption revenues collected throughout the current year. After that, any excess revenues can be added to the General Fund as fund balance available. The Auditor-Controller's 2019-20 projection for the Teeter Fund is to breakeven at this point and not have excess revenue to contribute to fund balance available. The following factors are contributing to the Teeter Plan performance in FY 2019-20:

- Interest rates have increased which will result in an increased interest expense to the county. Interest expense is now projected to increase by \$500,000.
- The Teeter Plan will still cover the current year interest expense and delinquencies but not contribute to fund balance available. Net delinquency principle is now projected to increase by \$400,000.
- Both "Property Tax Delinquent Revenue" and "Penalty and Cost on Delinquency Revenue" are not going to be as high as in past years. Teeter Plan Revenues are projected to decrease (\$600,000).

### **Debt Mitigation & Elimination**

#### **Reserves & Contingencies**

The General Fund Reserve was impacted in FY 2018-19 when the Board of Supervisors directed the reduction of \$1 million for the repairs to the Administration Center roof. The total County budget is just under \$300 million, creating an operating budget of \$25 million per month. The County's reserves are still less than the one month of operational costs.

The proposed budget does not include a recommendation to fund the General Fund Reserve this year. The Reserve level is below the minimum amount allowed by Board of Supervisors' Policy #32. The policy sets the General Fund Reserve level at 6.35% of prior year General Fund appropriations. This Reserve is the County's primary protection against an economic downturn or significant emergency.

The Proposed Budget does not include a \$250,000 recommendation for consideration, to allocate funding for contingencies as required by Board of Supervisors' Policy #32. Contingencies are used for unexpected expenses that arise during the year. Contingencies would be the first source of additional funding tapped before an emergency or economic disaster required the use of the General Reserve.

## **CEO Budget Team Report**

The Executive Office Budget Team relies on departments to provide accurate quarterly budget information which is the basis of developing the budget. The budget demands constant attention to stay in balance. Staying vigilant is required, given the ongoing challenges and uncertainty of the economy.

In FY 2018-19, the CEO Budget Team began a proactive campaign to create an environment of greater financial stewardship throughout the County, representing the care, conservancy, planning, attention, upkeep, and management of our financial resources and choices beginning at the individual level. Efforts to this goal have included simple measures to increase the volume and quantity of meaningful communications, such as one-on-one or small team budget discussions, allowing the Executive Office and the Departments to better understand each other's programs and priorities.

Other efforts to this end are more formal such as conducting regular monthly budget monitoring, forecasting, and various other budget related trainings. The CEO Budget Team has also partnered with other County departments, such as the Facilities & Fleet Division and Auditor-Controller's Office, to jointly host more specialized trainings. While difficult to measure, the Budget Team is confident that this initiative is on the way to fulfilling its goal based on feedback from several departments.

- Number of Training Topics Covered ..... 8
- Total Training Sessions Provided ..... 30
- Total Seats Filled / Persons Trained \* ..... 283

*\* Includes individuals who attended multiple training topics*

The CEO Budget Team works regularly with the Auditor's Office and the other departments to develop and report various metrics and key performance indicators. It is the hope that these metrics provide a level of transparency for the public to evaluate the County's activities.

## **Land Improvement**

Additional funding in the amount of \$150,000 is being allocated to Land Improvement for the mandatory storm water trash capture amendment. This funding will be used for the hydrology analysis, planning and device evaluation required prior to implementation of the devices. The County will require forty-three (43) devices installed over a 10-year period beginning in 2020. The devices are to be installed at a rate of 10% per year with an estimated cost of \$3 million.

## **County Roads**

The Chief Executive Officer and the Department of Transportation (DOT) recommend allowing \$3,538,241 of Senate Bill 1 (SB 1) Road Maintenance and Rehabilitation Account (RMRA) funding to be utilized in Fiscal Year 2019-20 for corrective maintenance pursuant to the Board of Supervisors' ongoing commitment to improving the County's Pavement Condition Index. The California State Association of Counties does anticipate RMRA funding will grow over the 10-year life span of SB 1 and the County will see increased revenue in upcoming years for corrective maintenance. Therefore, DOT budgeted \$4 million in corrective maintenance should additional funds be available or should normal revenues allow for larger expenditures towards our commitment to improve the County's road surfaces.

## **Disaster Recovery**

As a follow up to the 2017 Redwood Complex Fire, the County has developed the 2018-2019 Recovery Project Plan. The Plan has identified seven (7) recovery support functions corresponding to FEMA and Cal OES Recovery frameworks. These recovery support functions provide a framework for the purpose of coordinating partnership efforts and seeking grant funding. These seven functions include:

- 1) *Community Planning and Capacity Building*
- 2) *Community Emergency Preparedness*
- 3) *Housing*
- 4) *Infrastructure*

- 5) *Economic Recovery and Resiliency*
- 6) *Health and Human Services*
- 7) *Natural Systems and Cultural Resources*

To date, the County has been awarded approximately \$8,178,000 in grants for soil stabilization projects, hazardous tree removal, unmet needs for fire survivors, as well as grant funding for the infrastructure retrofit of the Redwood Valley County Water District project. The County is currently pursuing \$23,426,000 in additional grants for planning and hazard mitigations, and staffing. These additional grants, if awarded, would provide funding for the update of the County's General Plan Safety Element, an updated Multi-Hazard Mitigation Plan, various fuel reduction programs throughout the County, early warning systems such as cameras and sirens, ignition resistant construction materials rebates program, and fire resistant retrofitting of the County's communications infrastructure. Many of these grants are specifically inter-related to the identified projects within the Recovery Project Plan.

Additionally, in 2018 the County was also affected by yet another devastating fire, the Mendocino Complex Fire, which started on July 27, 2018. This fire became a larger complex fire of two (2) wildfires, the River Fire and the Ranch Fire, which burned in Mendocino, Lake, Colusa and Glenn counties, with the Ranch Fire being California's single-largest recorded wildfire. The Ranch Fire burned eight (8) miles northeast of Ukiah, and the River Fire burned six (6) miles north of Hopland, to the south of the larger Ranch Fire. First reported on July 27, 2018, both fires burned a combined total of 459,123 acres over four (4) counties before being 100% contained on September 18, 2018. Within Mendocino County, approximately seventeen (17) structures were destroyed or damaged, approximately ten (10) structures were located within the Ranch Fire footprint, and seven (7) structures were within the River Fire footprint.

After several months of engaging the State of California on the request for debris removal affecting those properties affected by the Mendocino Complex Fire, the state of California has finally advised the County that Cal OES will assist with private property debris removal and will require the County to perform the debris removal and then seek reimbursement from the State for eligible activities at a 75/25 percent cost share. Currently, the County is evaluating those properties that were impacted by the Mendocino Complex Fire that would qualify for the private property debris removal. Recognizing that some properties already performed a self-debris removal, the County is re-evaluating the affected properties to determine those that are eligible. Moving forward, it is anticipated that property owners wishing to participate will be responsible for the 25% local share. It should be noted that sufficient funds will need to be set aside to perform the cleanup of debris and then the County will need to seek reimbursement from the State once the cleanup has occurred.

For the FY 2019-20, the Recovery Team will continue to implement and seek funding for recovery and resiliency projects.

#### *Redwood Valley County Water District Infrastructure Project*

Mendocino County, pursuant to the Memorandum of Agreement with the Redwood Valley County Water District, is administering state and federal grants to perform water system upgrades in those areas burned in the 2017 Redwood Valley Fire. The County shall administer the overall fiscal and project management, while engineering and construction project management, design, and quality control are defined work tasks under the engineering consultant contract with Brelje & Race Consulting Engineers (BRCE). The BRCE agreement was approved by the Board of Supervisors on January 8, 2019, for a maximum cost of approximately \$1.2 million. Reimbursement for 100% of costs is expected.

The project is broken into two phases:

- Phase I – Planning, Engineering, & Design
  - BRCE develops, in collaboration with Mendocino and Redwood Valley County Water District
- Phase II – Primary Construction
  - Expected to begin in late-2019

Schedule for some design services has been delayed as a result of complications with Right of Way access to private property. Construction is planned to begin late-2019 and will be completed in 2020 at a cost of approximately \$6.25 million. Costs to the County are expected to be reimbursed at 100%. As with the engineering consultant contract, the construction contract will be administered by the County using grant funds or district funds as necessary.

### **Measure B**

Mendocino County is committed to improving residents' lives and the public's safety by strategically evaluating and enhancing resources for mental health treatment. On November 7, 2017, "Measure B" received two-thirds majority of the votes by the County's voters adding Chapter 5.10 to the Mendocino County Code entitled the "Mental Health Treatment Act" adopting a County Transaction (Sales) and Use Tax for the specific purpose of funding improved services, treatment, and facilities for persons with mental health conditions.

In FY 2018-19, the Board adopted Resolution 19-141, authorizing the adoption of the classification of Administrative Project Manager, a position that would aid County staff, the Mental Health Treatment Act Citizen's Oversight Committee, and other involved parties by keeping the Measure B mental health facility project(s) on time and on budget.

Going forward in FY 2019-20, the Mental Health Treatment Act Citizen's Oversight Committee will continue to provide the Board with crucial recommendations regarding options associated to the development of a Crisis Residential Treatment (CRT) facility, Crisis Stabilization Unit (CSU), and 24-hour Psychiatric Health Facility (PHF) that would provide a safe and therapeutic environment for individuals experiencing mental health related crisis.

### **Juvenile Hall**

Mendocino County is experiencing the state-wide trend of lower populations in Juvenile Hall. Like most juvenile halls throughout the state, the County is averaging a daily population of less than half of the facility capacity. In 2018, the County explored the possibility of contracting with another county to house Mendocino County's juvenile detention population. Following several months of exploration and the formation of an Ad Hoc committee to review the pros and cons of this alternative, the Mendocino County Board of Supervisors unanimously agreed that it would not be in the best interest of the County, the juvenile detainees, or their families to outsource this County responsibility and made it a County priority to fund the continued operations of the Mendocino County Juvenile Hall. To proactively address the costs of maintaining the facility, the Probation department implemented several actions to make the operation of Juvenile Hall as cost efficient as possible. These actions included: transitioning food preparation to the Jail, implementing a staffing model for a 20-bed maximum capacity facility, including shutting down C-Unit, and expanding extra-help staffing to cover full-time staff absences. While the FY 2017-18 costs were over budget by 11.3%, this was directly attributable to the 9-month loss of revenue for the budgeted Lake County contract for housing their juvenile detainees. The FY 2018-19 budget of \$2.2 million is projected to be favorable by 7% due to the cost cutting strategies implemented. The FY 2019-20 budget is planned for \$2.1 million, again, reflective of additional cost reductions and efficiencies the department has put in place and continues to explore.

### **Sheriff's Office**

The Sheriff's Office has run over budget for several years primarily due to the ever increasing cost of labor and benefits. The Executive Office and Auditor-Controller agreed to increase their Net County Cost by \$800,000 for FY 2019-20. The Sheriff's Office implemented budget efficiencies in FY 2018-19 and agreed to manage staffing levels effectively to optimize the best public safety practices available. Two such examples include the hiring of new Field and Corrections Deputy's to reduce staffing overtime expenses and the transitioning of Academy basic training from the College of the Redwoods to Santa Rosa Junior College. This change eliminates housing and meal costs for the Police Academy training.

### **Jail**

Currently, the Sheriff's Office is creating efficiencies in the corrections division through various steps. These include the strict review of overtime needs and training by supervisors. All staff members are completing Crisis Intervention Training.

Close monitoring of Sheriff's Office overtime and personnel training costs is continuing. To help reduce overtime and training costs, Sheriff's Office personnel are working to have mandated training courses certified by Peace Officers Standards and Training (POST) and Standards in Training for Corrections (STC) for presentation here locally. This change reduces expensive travel related costs for legislatively mandated training.

The use of Sheriff's Services Technicians for duties such as booking and other data entry duties has allowed sworn personnel to have more direct interaction with inmates. These efficiencies have reduced liability by having more personnel available for contacts and supervision of housing units. This practice needs to be continued with the emphasis of using the more expensive employees for critical tasks.

Continued training and higher staffing numbers have allowed these successful interventions, thus providing a safer facility with true care and control for those housed within. This in turn is reducing liability exposure to Mendocino County.

Currently, the Sheriff's Office is working towards the opening of the new Jail expansion unit, which will be more suited to meet the needs of medically and mentally ill incarcerated persons.

The Sheriff reassigned one correctional deputy to Professional Standards. His assignment is to assist in completing backgrounds. This will improve the hiring process, which reduces overtime expenses. The Sheriff is currently working with the Public Defender and Courts to increase the usage of video for Court hearings. This is creating efficiencies in the Court process and is resulting in a reduction in personnel costs and mileage costs from the transportation unit.

## **Fleet**

At this time, the Mendocino County fleet consists of approximately 386 "passenger-type" vehicles, excluding heavy equipment types. This includes special (low) use vehicles such as a tow truck, boom truck and specialty law enforcement vehicles. The average age of the County fleet is 9.9 years; fuel economy of the fleet is approx. 15 MPG. The Sheriff's department has the largest fleet of assigned vehicles with 109, the Health & Human Services Agency fleet has 78, and DOT has 73 assigned vehicles. For more information, please refer to the vehicle statistic diagrams that are on page 15.

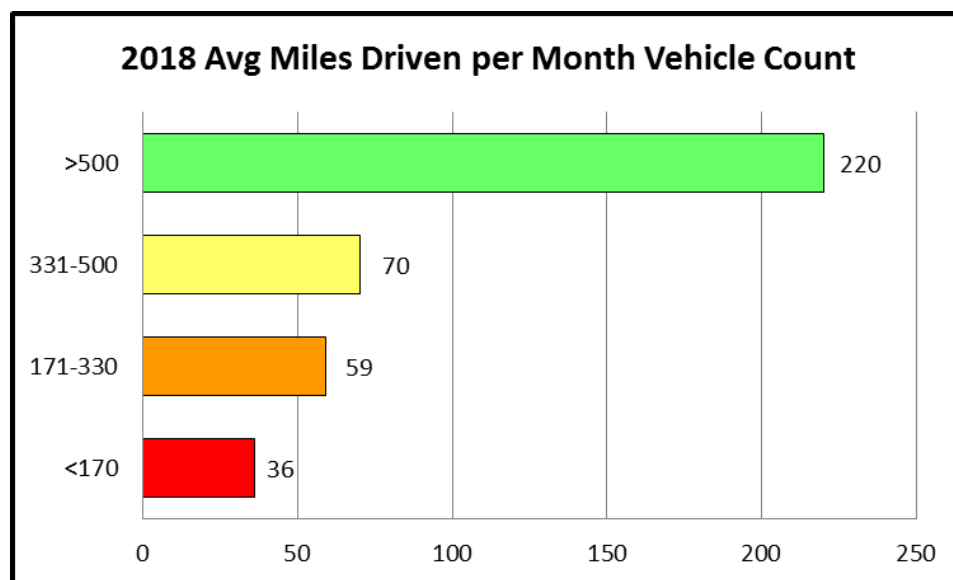

This year, the Sheriff's Office has funding to replace 15 high-mileage vehicles, DOT has funding to replace three, HHSA is replacing one, the Library is replacing one, and the Air Quality Management District is replacing one. New vehicles will increase the size of the fleet for the Health & Human Services Agency (+eight).

The County purchased and is currently installing a new version of Fleet Maintenance Pro, a software program that will provide better access to data related to the County's vehicles. The County's fuel pump system and related software was upgraded in the last year. In addition to maintenance records, the Fleet Maintenance Pro system will now have fueling information imported for gas pumped. This new software version, with data imports, will greatly improve the County's ability to complete a comprehensive fleet analysis.

The Board's direction to reduce Greenhouse Gasses (GHG) is expressed in the General Plan and the Ukiah Valley Area Plan. The County currently has 15 hybrid vehicles in the fleet, and one (1) electric vehicle. 11 of the new vehicles proposed for purchase this year are hybrid: nine (9) HHSA, one (1) Library, and one (1) Air Quality Management District.

## **Capital Improvements**

Notable projects in Fiscal Year 2018-19 included completion of a new Sheriff's Office Substation in the Town of Mendocino, an interior remodel of the Ukiah Branch Library, fire repairs at the Laughlin Peak repeater site, and replacement of the heating system in the Ukiah Vets Hall, with the addition of air conditioning.

County Policy #33 established a reserve for major repair and maintenance of facilities; this reserve was anticipated to be funded at seventy cents (\$0.70) per square foot of County owned and maintained buildings. With a County-owned building inventory of approximately 726,000 square feet (514,000 General Fund and 212,000 Non-General Fund) the reserve would annually receive at least \$360,000 in General Fund. However, due to budgetary constraints, no additional General Fund dollars are included for capital improvements in the proposed budget. The Capital Improvement Budget Unit (BU 1710) does include a projected carry-forward balance of \$3.6 million for FY 2019-20, with additional Non-General Fund contributions creating a total project budget around \$4.8 million.

On December 18, 2018, the Board of Supervisors authorized the transfer of \$1,000,000 from reserve to continue funding for priority roofing projects, including replacement of the main jail roof, Emergency Operation Center (EOC) roof, and Phase II (of III) of the Administration Center roof which will be completed or started in the upcoming year. This transfer increases the carry-forward balance to \$4.6 million for FY 2019-20, and the total project budget to \$5.8 million.

Other significant projects that will be prioritized in 2019-20 include the completion of Yokayo Center's Exterior Repairs and Accessibility Compliance, the Treasurer-Tax Collector's Office Improvements, and improvements to the back-up generator systems for our critical County facilities.

Additional detail on completed projects, capital needs, and ongoing projects is included in the Capital Improvement Plan (CIP) beginning on page 25, and included as Attachment F.

## **Economic/Business Development**

The Board of Supervisors directed additional focus to be placed on support for business development and encouraging economic investment in the County. Many incentives to development and investment require a change in practices and/or regulations, and not necessarily a direct financial investment of dollars by the County. Work has begun towards completing the goals that includes an existing commitment or partnership incorporated in previous budgets. These commitments remain in place (i.e. the Economic Development Financing Corporation (EDFC)), and are expanded with additional investments as outlined below. Staff as directed by the Board of Supervisors in the coming fiscal year will develop additional incentives and changes in the regulatory framework.

- **Broadband Expansion** – The Proposed Budget includes a continuation of funding for the broadband contract to support expansion of broadband access in Mendocino County
- **EDFC** – The Proposed Budget includes a continuation of funding to support efforts of the EDFC
- **West Enterprise Center, Inc.** – The Proposed Budget includes a continuation of funding to support efforts of West Company including assistance with cannabis marketing
- **Arts Council** – The Proposed Budget includes a continuation of funding to support arts in Mendocino County

In April of 2019, the County of Mendocino was awarded a grant from the U.S. Department of Commerce, Economic Development Administration. This grant will provide staffing and partnerships between the County of Mendocino, EDFC, and the West Enterprise Center, Inc. Through this collaboration, efforts will focus to work on economic recovery and infrastructure. This team will conduct research, community outreach and data analysis, develop recommendations, provide input and support for the Board of Supervisors in developing in the County's Recovery and Resiliency Plan, and oversee plan implementation. In conjunction with the local stakeholders, this team will also track state and federal legislative activity and communication strategies related to disaster recovery and resiliency.

- **EDFC** – The Grant Budget includes funding to allow EDFC to work in coordination with other fire-affected counties in the North Bay-North Coast Broadband Consortium to develop strategies to address the weaknesses in the tele-communication systems. The EDFC will work on the County's behalf to complete a five-year Strategic Plan for telecommunications improvements and resiliency. This plan will be a crucial component of the

Economic Recovery and Resiliency Plan and will include a countywide needs assessment and coordination with existing broadband vendors.

- **West Enterprise Center, Inc.** – The Grant Budget includes funding for a Digital Learning Project that will introduce rural Mendocino County to micro-entrepreneurs and the digital economy opening new markets and increasing job creation. West Enterprise will educate 90 small businesses, annually with a core suite of financial, marketing, inventory and human resource technology tools. They will also, establish technology hubs in the isolated areas of the county and link them to deliver classes, networking salons, and one-on-one counseling.

### **Support for Emergency Medical Services**

The Budget continues to include funding of the County's dispatch contract (\$898,129) for emergency medical services and on behalf of local fire agencies.

The Proposed Budget also includes \$198,000 for grants to ambulance providers for Advanced Life Support (ALS) based on Board of Supervisors direction.

#### *Local Fire Agency Support*

Per Board of Supervisors direction, the budget includes \$398,000 for support of local fire agencies. This is the same level of funding provided in FY 2017-18, FY 2018-19 and FY 2019-20. The funding is reflected in BU 1940 – Miscellaneous. This clearly separates the funding from the dispatch contract and is included in a budget unit that is managed by the County Auditor-Controller to simplify the payment process. Proposition 172 funds are budgeted in BU 1940 to cover the cost of the agreements. Per Board of Supervisors direction, the payment is based on actual Proposition 172 receipts from the most recent year (\$398,000). All additional Proposition 172 funding is distributed to the following budget units that have historically received Proposition 172 dollars (BU 2310 – Sheriff, BU 2510 – Jail, BU 2070 – District Attorney, BU 2560 – Probation, BU 4016 – EMS).

With the adoption of the FY 2019-20 Budget, the Board of Supervisors will have provided a total of \$3,524,828 in Proposition 172 and General Fund over three years to support fire and emergency services.

### **Homeless Issues**

The Health and Human Services Agency (HHSA) has applied for a number of grants over the past three years focused on the Board's priority to address issues related to chronic homelessness in Mendocino County. HHSA has also provided staff support to the local Homeless Services Continuum of Care in order to maximize new state funding released in FY 2018-19 to/through California's Continuum of Care (CoC).

The FY 2019-20 budget includes over \$2.5 million in new grant funding to improve homeless services in Mendocino County, and over \$5 million in new grant funding through the CoC. It does not yet include additional allocations that are available to HHSA and in development to secure over \$2 million for housing development for low-income special populations experiencing homelessness.

Additional funding is also expected to be available to both the County and the CoC if the legislature adopts recommendations in the Governor's May Revise.

### **Supporting Community Partners**

The Proposed Budget includes funding to support a number of community partners of which a few are mentioned below.

The Health and Human Services Agency is enhancing services to community partners through new and increased contracts in excess of \$26 million to support community-based services.

Disaster Recovery is working with several community partners for rebuilding, resiliency, and fire prevention efforts. Mendocino County Resource Conservation District is supporting hazardous tree removal on private properties within the fire footprint, and erosion prevention control efforts. North Coast Opportunities provides for support to individual households who suffered loss of income or were displaced by fire. The County of Mendocino provides project management for Redwood Valley County Water District to design new and replacement water lines within their service area to improve the seismic resiliency of the water system.

The County of Mendocino Disaster Recovery team has been instrumental in establishing Mendocino-ROC and serves as part of its executive leadership. The team has recently begun working with Economic Development Finance Corporation and West Enterprise Center, Inc. regarding disaster recovery and economic resiliency strategies.

Please refer to Attachment J, Community Partner Contracts for a list of County-wide and HHSA contracts supporting community partners.

### **Cannabis Program**

The largest new program undertaken by the County in many years is the Cannabis Program. Proposition 64 and the Medical Cannabis and Regulatory Safety Act (MCRSA), provides a comprehensive regulatory framework, including license categories for cultivation, nursery, manufacturing, testing, retail/dispensary, distribution, and microbusinesses. The above cannabis related activities are defined as "commercial cannabis activity" and, as of January 1, 2018, require State licenses. State licensees operating in Mendocino County must first obtain a license or permit from the County. Mendocino County's regulatory program for cultivation went into effect on May 4, 2017.

The Proposed Budget includes the Cannabis (CN) Budget Unit for the Cannabis Cultivation Program, a Division of the Department of Planning and Building Services, to clearly demonstrate the cost of this program. The CN Budget Unit includes \$381,326 in revenue from application and permit fees and a General Fund contribution of \$117,288 for the Cannabis Program Manager position. For the Cannabis Program to be staffed adequately, an additional \$198,047 of General Fund is required.

In November 2018, the County launched the Cannabis Facilities Business License. The business license fee is collected by the Treasurer-Tax Collector and is reflected within Budget Unit 1130, line item 822204. The proposed budget continues to utilize a portion of the Cannabis Business Tax revenues allocated by the Board of Supervisors for select on-going cannabis expenses at the FY 2018-19 levels (refer to Chart A); the funding is included in the Departments' NCC. As stated above, to adequately operate the Cannabis Cultivation Program, an additional \$198,047 in General Fund is required. The requested funding will be used to fill vacant positions necessary to operate the Cannabis Cultivation Program effectively. The Program is currently understaffed by 30%. Additional funding is also required to offset operating costs not recouped from fees. The long-term goal of the Program is to continue to create efficiencies to reduce General Fund dollars to the Cannabis Program.

Chart A			
Department	BU	Cannabis Compliance & Enforcement Program	Budget Amount
Planning and Building	2851	Two Code Enforcement Officers	\$157,248
County Counsel	1210	Deputy County Counsel	\$130,544
County Counsel	1210	0.5 FTE Legal Secretary	\$36,294
Human Resources	1320	0.5 FTE HR Technician	\$40,131
Public Health	4010	Sr. PH Nurse	\$54,132
Cannabis Program	2810	Cannabis Program Manager	\$117,288
Total:			\$535,637

### **Cannabis Business Tax**

The Cannabis Business Tax under preformed in FY 2017-18 resulting in a 38.5% reduction in projections for FY 2018-19. The FY 2018-19 Cannabis Business Tax actuals of \$1,296,125 resulted in the Auditor-Controller increasing the FY 2019-20 projections by 15% totaling \$1.5 million. The biggest unknown component of the Cannabis Business Tax collection is the cannabis cultivation minimum tax true-up process currently underway. Due to the October 2017 fires, calendar year 2018 is the first year the County is collecting the cultivation minimum tax. After the Treasurer-Tax Collector processed the 2018 4<sup>th</sup> Quarter returns, it was determined that 40 cultivators met or exceeded the minimum tax due amount for their respective cultivation permit type; this equates to 4% of all cultivators in the cannabis tax program. Where the minimum tax due amount was not met, invoices for the minimum tax were mailed in April totaling \$3.5 million with a payment date of May 31, 2019. The collection process is currently underway. In June 2019, the Treasurer-Tax Collector will have updated information on what percentage of the \$3.5 million was paid by the due date. The results from the true-up process may result in updated projections for the Cannabis Business Tax in the 1<sup>st</sup> or 2<sup>nd</sup> Quarter of FY 2019-20.

## CHIEF EXECUTIVE OFFICER'S PROPOSED BUDGET ACTIONS & RECOMMENDATIONS

Listed below is an overview of recommendations and actions, presented for Board of Supervisors consideration in keeping with the priority direction the Board of Supervisors has provided during the FY 2019-20 Budget Workshops:

### **CEO Recommended Actions on the Proposed Budget:**

The Executive Office recommends that the Board of Supervisors take action as follows:

Approve the FY 2019-20 Chief Executive Officer's Proposed Budget for the County of Mendocino, including:

- Approve the adjustments detailed in the Summary of Budget Adjustments as outlined in Attachment B and the budget schedules included herein;
- Approve the Net County Cost Summary Table (Attachment C) directing the Auditor-Controller to return to the Board of Supervisors on June 18, 2019, with a formal resolution adopting the FY 2019-20 Mendocino County Budget based on the above direction;
- Approve amendments to the Position Allocation Table as listed in Attachment E, directing the Human Resources Director to return to the Board of Supervisors on June 18, 2019, with an updated Position Allocation Table;
- Approve the Fixed Assets and Structural Improvements as listed in Attachment G.

## CHIEF EXECUTIVE OFFICER'S PROPOSED BUDGET ACTIONS & RECOMMENDATIONS

### **Fiscal Stability**

No Recommendations at this time.

### **Financial Sustainability**

No Recommendations at this time.

### **Organizational Development & Infrastructure**

- Allocate under-projected revenue from Budget Unit 1000 at the end of FY 2018-19, \$1,533,009 toward labor negotiations.
- Allocate under-projected revenue from Budget Unit 1000 at the end of FY 2018-19, \$118,000 to Sheriff's Office for mandatory transparency staffing support.

### **Investment in County Roads**

- Allocate \$3,538,241 of RMRA funding for corrective maintenance and use any available Road Fund, to implement prioritized corrective maintenance up to \$4 million.

### **Economic/Business Development**

- Allocate \$40,000 for services to expand broadband coverage in Mendocino County. (Prior Trish Steele contract)
- Allocate \$32,000 to support the efforts of the Economic Development Financing Corporation (EDFC).
- Allocate \$32,000 to support the economic/business development efforts of West Company.
- Allocate \$25,000 to support the Mendocino County Arts Council.
- Allocate \$25,000 to support the Mendocino County Resource Conservation District.
- Allocate \$198,000 for grants to local ambulance providers (Anderson Valley, Covelo, and Laytonville).
- Allocate \$24,500 to support the Fire Safe Council.

### **Support for Emergency Services**

- Allocate \$898,129 for the dispatch contract for fire and EMS services in the County.

### **Support Community Partners**

- Allocate \$100,000 toward the Potter Valley Water (*FERC project #77*).
- Allocate \$398,000 of Proposition 172 funding to support fire agencies.

## LABOR UPDATE/POSITION CHANGES

### Labor Update

Mendocino County has eight bargaining units representing various groups of County employees. The term of each agreement varies. The table below lists the status of each agreement, the term, and number of County employee members as of May 6, 2019.

### **Position Allocation Table Changes**

Currently, the County has a total of 1,130.0 permanent full and part-time employees and 1,415.2 full-time equivalency (FTE) allocated positions as of May 4, 2019 (end of Pay Period 10-19). The table below represents the CEO Recommended Position Allocation Table Changes for FY 2019-20. The recommendations include funding three (3.0) FTE unfunded positions; add/delete actions as follows: addition of 32.0 FTE positions, and deletion of 35.5 FTE positions; budget unit transfers of 18.0 FTE positions; and increase of two (2) current .50 FTE positions to 1.0 FTE. These recommendations result in a net allocation change of -2.5 FTE positions. The majority of these changes are add/deletes and budget unit transfers to reflect the operational needs of the various departments. These changes are part of the Recommended Actions listed on page 20, and would be included in the adoption of the Master Position Allocation Table on June 18, 2019.

Below is a summary of changes to the Position Allocation Table for General Fund Departments. Please refer to Attachment E for a full list of Position Allocation Table Changes County-wide.

## CAPITAL IMPROVEMENT PLAN

The Capital Improvement Plan (CIP) is a 5-year planning document, which provides the Board of Supervisors with insight into the County's facility needs. It is used to identify and prioritize the County's short and long-term capital needs and serves as a strategic planning tool. The CIP focuses on County-owned infrastructure under the control of the Board of Supervisors and summarizes the County's overall capital projects and associated funding recommendations during a five-year period. Projects have been prioritized according to health, safety, and welfare, as well as by operational needs of Departments.

#### **FY 2019-20 Recommendations:**

The Executive Office received numerous requests for facility modifications and enhancements from departments for FY 2019-20. Projects have been prioritized according to health, safety, and welfare. Fewer requests are recommended for approval this year due to the amount of carry-forward projects and one-time funding that is anticipated to be unavailable or very limited with \$100,000 being allocated to the Ukiah Courthouse ADA upgrade. The CEO is presenting the Board of Supervisors the recommended priorities for the remaining capital improvement fund balance. Because of this year's transfer from reserve of \$1,000,000 for priority roof projects, the Executive Office will be prioritizing the completion of the roof and HVAC replacement projects for the Main Jail and the EOC/Jail Programs building followed by the Administration Center Phase II project.

## IT MASTER PLAN

The County has embarked upon a Five-Year IT Master Plan, which was adopted by the Board of Supervisors in November 2018. The IT Master Plan identified 99 initiatives with a potential investment of \$20.7 million over five years. The Executive Office provided the Board of Supervisors with regular updates on high priority projects, as well as requesting that funds be allocated in IT Reserve in FYs 2017-18 and 2018-19 in order to address the critical infrastructure needs.

Preliminary findings in FY 2017-18 identified 13 priority/mission critical projects, and the Board of Supervisors approved the transfer of \$670,364 from existing IT Reserves to fund those projects in FY 2017-18. Of the 13 priority/mission critical projects, 11 have been completed and two were deferred to FY 2018-19 due to funding. Completed projects totaled \$584,600, and deferred projects totaled \$60,000, bringing the priority project totals 4% under budget.

In November 2018, the Board allocated \$1 million to IT Master Plan Projects. Funding has been allocated to 17 initiatives. These initiatives include:

- Tyler Munis Gap Analysis and Utilization Improvement
  - Procurement and Payables Budgeting Process Review and Improvements
- Budget Process Review and Improvements
  - Phase 2 Cannabis Permits and Licenses Process Review
- Aumentum Property Tax Assessment Contract and Project Management Network Upgrade Bid Development
- Assessment of Cannabis Processes – Phase 2
- District Attorney & Mendocino County Sheriff's Office
- Mendocino County Sheriff's Office
  - Aegis Upgrade
  - Aegis Message Switch
  - Structured Cabling Phase I
  - Office Network – Routers
  - Network Firewalls
  - Firewalls for CJIS compliance (also applies to DA)
- Network Upgrade RFP
- IT Computer Equipment Replacement
- Public Safety Mobiles
- Internet Resiliency
- Technology Support for EOC
- Wireless Network Enhancements Phase I
- Mendocino County Sheriff's Office
- Multi-Jurisdictional Radio Operations
- Logging and Audit Trails
- Public Safety Repeater Spare Parts
- Public Safety Radio Voting Comparators

Since the approval of the IT Master Plan by the Board, additional needs have been identified and added. These projects include:

- Situational Awareness Cameras
- EOC Policy Room Improvements

## IT MASTER PLAN (CONTINUED)

During the preparation of the proposed budget, funding sources have not been identified as of yet to determine the County's options with respect to the necessary IT infrastructure improvements and/or identified business process improvements. The Executive Office has concurred with the Board of Supervisors reluctance to seek outside financing for these infrastructure improvements; however, also understood the need to continue to invest in the County's infrastructure. The IT Master Plan has identified the need for many critical infrastructure improvements/replacements as well as areas of improvement to increase efficiencies. Overall success is dependent upon the continued investment of the IT Master Plan. Recommended investment for Fiscal Year 2019-20 is \$4 million. At this point, the Board is looking for funding for critical items. County Staff is developing cost models related to the potential adoption of an Internal Services Fund to more appropriately allocate IT Master Plan costs.

Below is a summary of the IT Master Plan Fiscal Overview, illustrating the estimated costs per Fiscal Year (amounts are updated based upon the current state of the IT Master Plan projects and funding to date). Please also refer to Attachment I of this document for an updated Five-Year IT Master Plan budget including project detail.

## GRANTS

At the direction of the Board of Supervisors, the County embarked on a grant-writing program. Staff from several departments have been working directly with the contracted grant writers. Below is a summary of the current grants that have been applied for:

- Water Agency
  - Groundwater Sustainability Plan
  - Storm Water Management Plan Implantation
- Economic Development
  - EDFC, West Company
- Animal Care Mobile Spay and Neuter Expanded Tribal Outreach Grant
  - Beginning in January 2019, Animal Care Services will be the recipient of funding to provide expanded mobile spay & neuter outreach to the underserved populations on the 10 recognized tribal reservation areas in Mendocino County. The overall goal is to perform 255 surgeries within the 2019 calendar year. The grant, provided by PetSmart Charities Inc., was awarded to the County's community partner, Ukiah Spay & Neuter Assistance Program (SNAP). Total award is \$18,155.
- HHSA has applied for grants to bring valuable services to our community that the department would not be able to support otherwise. These valuable services include, but are not limited to the following:
  - Gang and Drug Prevention activities to the coastal community, especially after school activities
  - Bicycle/pedestrian to support multi-model forms of transportation
    - Program highlights the importance of sobriety no matter the mode of transportation
  - SNAP-ED grant leads healthy eating activities in the community
    - Supports health events showcasing healthy recipes and 'Rethink Your Drink' campaign
  - Whole Person Care Grant will provide services collaboratively with community partners to individuals with very complex health/social needs
  - Medicated Assisted Treatment is a pilot project to be implemented in the County Jail and Drug Court
  - SAMSHA grant will provide services to individuals experiencing homelessness with co-occurring disorders
- Recovery Grants
  - Please refer to the chart below for a comprehensive summary of FY 2018-19 Grant Projects Awarded and Pending Award:

## ATTACHMENT C NARRATIVE

- Attachment C – Net County Cost (NCC) Summary Table, contains the Chief Executive Officer’s proposed Net County Cost assignments and recommendations for FY 2019-20.

Total proposed Budget Unit 1000 (Non-departmental Revenue) available as of March 31, 2019, is \$72,886,000, with special fund allocations of: \$1,507,439 to Debt Service, \$3,693,000 to Transportation and \$1,352,771 to Library, leaving \$66,332,790 for allocation to General Fund Departments for their Net County Cost (NCC) assignment. As stated in Attachment C, the total proposed Net County Cost for General Fund Departments is \$64,581,781. The projected closeout of FY 2018-19 provides \$1,751,009 fund balance available for FY 2019-20.

- Attachment C1 – Proposed – Unfunded Budget Priorities for FY 2019-20, contains Board of Supervisors’ priorities.

As the Executive Office worked to meet the priorities of the Board for the FY 2019-20 proposed budget, the budget team was ultimately faced with operational expenses exceeding the growth of discretionary revenue. The Chief Executive Officer considered public health, safety, welfare and employee compensation needs in developing the CEO actions and recommendation.

Infrastructure Initiatives								
<b>C</b>	Critical - Initiative is mission critical. Initiative mitigates significant risk to County operations or Public Safety and/or Return on Investment is very high							
<b>H</b>	<b>High</b> - Initiative is mission critical, it mitigates risk, and/or it has significant cost benefit or return on investment. Also provides significant level of service or protection to constituents and the community. Funding for these initiatives typically begin in the front end of the 5-year planning period.							
<b>M</b>	<b>Medium</b> - Is important to the organization, has measurable cost benefit or return on investment. Medium-priority initiatives also provide a service and protection to constituents and the community, but at a lower degree then a high-priority initiative. Funding for these initiatives typically begin in the middle of the 5-year planning period (Year 2 or 3). Can also be a high-priority initiative that is dependent on another high-priority initiative that is a prerequisite.							
<b>L</b>	<b>Low</b> - Provides value but with minimal cost benefit or return on investment. Can also be a medium-priority initiative that is dependent on another medium-priority initiative that is a prerequisite. Funding for these initiatives typically begin on the back end of the 5-year planning period (Years 3 - 5).
