Employee Training

HR recently completed an all-employee survey to gather feedback on the training needs of our County staff. In response, we are working with Mendocino College and other training providers to develop and offer new classes beginning this Fall. Planned classes include project management, business writing skills, and coaching and mentoring skills. Schedules will be available in the upcoming weeks.

Labor

Negotiations continue with our general employees represented by SEIU and our public attorneys represented by Teamsters. We have responded to a request for information from our Deputy Sheriffs Association represented by Teamsters, and have received a request to set dates from our Confidential Employees Bargaining Unit.

Wellness

Appointments can now be scheduled for your annual biometric screening by going to the County's Health Fitness link at <https://mcwow.cafewell.com/>. By participating in this screening, employees can earn discounts on their health care costs. For more information, please visit the Wellness Program information on the County's website.

Leadership

Final plans are being put in place for the Mendocino-Humboldt Annual Joint Leadership training later this fall. Patrick Donadio, communications expert and author of "Communicating with Impact", will be the speaker for this event. Leading more effectively, clear communications, and powerful presentations will be some of the topics covered during this leadership session.

Vacancy List

Attached to this report is a Justification of Filled Positions and Vacancy and Recruitment Update provided by Human Resources. These reports include additional information as requested by the Board of Supervisors and includes all funded allocated positions, all vacant funded positions, all positions approved to be filled and in some stage of the recruitment process, all new hires (excluding extra help), all separations, and the number of employees on leave for each budget unit. The report will contain cumulative information for the current fiscal year and will be updated monthly.

Employee Recognition Program

The County of Mendocino recognizes the importance of motivating and rewarding employees. The Leadership Initiative's Employee Engagement Work team developed a Countywide Employee Recognition Program, which launched in February of 2019. Please see the attachment for details on the program awards and a list of employees that were recognized for outstanding contributions to our organization.

Congratulations to the County employees recognized in the month of February, March and April!

Potential County Closure on July 5, 2019

It is hard to believe summer is just around the corner. In years past, we have offered an opportunity for departments to consider office closures, depending on the day of the week that 4th of July falls. This year, 4th of July is on a Thursday and we would like to offer staff to have an extended weekend. This would be under the same terms that are offered during our winter holiday closures. The following are scenarios for consideration:

- A. Close services to the public completely on July 5, 2019
- B. Provide full services for July 5, 2019
- C. Close offices on July 5, 2019, and allow employees the option of working behind the scenes if interested

In no case will employees be forced to take paid or unpaid time off to accommodate this extended weekend; it will be the discretion of individual Department Heads to determine the needs of their respective departments.

An email will be sent out to Department Heads this week, requesting they contact my office with their Department's intentions for the July 5, 2019, closure option.

Health and Human Services Update

Mendocino County's Stepping Up Initiative

On May 8 and 9, 2019 the National Alliance on Mental Illness (NAMI) partnered with Mendocino County to host community forums in Ukiah and Fort Bragg. Stepping Up is a national initiative to reduce the number of people with mental illness in jails. In 2015, Mendocino County was the first county in California to adopt a resolution in support of the Stepping Up Initiative.

In collaboration with key community leaders who participate in the local Stepping Up Initiative Committee, guest speakers included Elizabeth Siggins of the Council of State Governments Justice Center; Farrah McDaid Ting of the California State Association of Counties; and local NAMI representatives. The community forums included data sharing and robust community input about system assets and gaps across the mental health and criminal justice systems.

Building on information shared through these community forums, HHSA is coordinating next steps following the Stepping Up Initiative framework and Council of State Governments Justice Center recommendations. Next steps include accessing grant funding to support improved data sharing, training and communication across various organizations as well as further developing the continuum of treatment, services, and housing in order to develop or enhance diversion programs.

An Uptick in Gang Activity Leads to Action by Community Partners

The Fort Bragg Coalition for Gang Awareness and Prevention (CGAP) hosted a community forum on April 25, 2019, in response to a recent increase in gang-related incidents in Fort Bragg. The Fort Bragg Police Department and CGAP organized the event with the help of Safe Passage Family Resource Center and the Mendocino County Youth Project.

The forum panel included members of the Fort Bragg Police Department, Mendocino County Sheriff's Office, Probation, District Attorney's Office, State Parole, and Fort Bragg Unified School District administrators. About 50 community members attended the event. The panel spoke on recent and historical gang activity on the coast and in Mendocino County, what is being done to prevent additional activity, how parents can identify if youth are starting to affiliate with a gang, and what preventative measures parents can take for the well-being of their children.

CGAP provided printed resources including a "Resource Directory for Parents of Teens" and a post card with numbers for reporting crimes, tips and instructions for reporting anonymously. All materials were provided in **English and Spanish** and interpreters were available for Spanish-speaking attendees. These resources can be found at: <https://www.mendocinocounty.org/government/health-and-human-services-agency/public-health/prevention-programs>

Exclusive Operating Area (EOA) Update

Mendocino County and Coastal Valleys Emergency Medical Services Agency (CVEMSA) continue to work through the Request for Proposals (RFP) for Mendocino County's first-ever Exclusive Operating Area (EOA) for ambulance services.

The State Emergency Medical Services Authority (EMSA) approved the timeline and Addendum to the RFP to provide additional response time options requested by the City of Ukiah and other stakeholders. The County and CVEMSA held a second meeting for potential proposers on May 29, 2019, to address questions that potential proposers had about Addendum 2, which describes the additional information proposers will have to provide in response to the RFP.

The current timeline has been approved by EMSA, adjusting the proposed EOA implementation date from March 2020 to July 2020. The RFP and related documents to identify an EOA provider for ambulance services in Mendocino County can be found on CVEMSA's webpage and on the Mendocino County Executive Office webpage under "Open RFP Quotes & Bids" at <https://www.mendocinocounty.org/government/executiveoffice/open-rfp-quotesbids>

Cannabis Update

At the May 14, 2019, Board of Supervisors meeting the Cannabis Cultivation Ad Hoc presented on cannabis discussion points and recommendations for ordinance amendments. Staff created a timeline outlining when the Board directives and ordinance amendments will be coming back to the Board. The timeline is included in the CEO Report attachments. In addition, Planning and Building staff anticipates the Cannabis Coastal ordinance will be before the Planning Commission on July 18, 2019.

PG&E Public Safety Power Shutoff (PSPS)

Pacific Gas and Electric (PG&E) and other investor owned utilities in California have begun a preemptive de-energization program where if PG&E deems there are extreme fire danger conditions they may decide to turn off electricity to reduce the chance of a utility caused fire start. This is called a Public Safety Power Shutoff (PSPS).

Legislative information, California Law, daily events and legislative publications can be viewed online at the official California Legislative Information website by visiting <http://leginfo.ca.gov/>

While PG&E is deciding if and when these PSPS's may occur and not Mendocino County, the County is working to prepare for these outages, developing response plans, and plans to help mitigate impacts to county services. Mendocino County Executive Office, Office of Emergency Services, Sheriff's Office, and Health and Human Services Agency are all working collaboratively in order to be better prepared as a County and in order to ensure essential services to our residents during a PSPS event.

Who should expect to have their power turned off?

All Mendocino County utility customers should expect and prepare for a PSPS. While customers in high fire-threat areas (based on the [CPUC High Fire-Threat District map](#)) are more likely to be affected, a public safety power outage could impact any of the more than 5 million customers who receive electric service from PG&E. Currently the majority of Mendocino County is in an elevated fire risk and all areas of the County are subject to PSPS, including City of Ukiah residents who are City of Ukiah utility customers- this is because the City of Ukiah receives power from PG&E transmission lines.

How long will these shutoffs last?

PG&E's goal is to visually inspect their system for damage and restore power to most of their customers within 24 to 48 hours after the weather has passed. This means if there are strong winds and a PSPS lasts for 24 hours then it would be PG&E's goal to restore customer's power within 24-48 hours after that initial 24 hours. Mendocino County is recommending that residents plan for multi-day power outages as a result of the PSPS.

How often will these shutoffs occur?

There is the potential for a PSPS to occur several times a year in Mendocino County. According to the National Weather Service (NWS) there are on average of 2-4 Red Flag Warnings every year in Mendocino County for each of the three NWS zones in our county, with some years having up to eight Red Flag Warnings in some inland zones. While a PSPS is unlikely to occur without the issuance of a Red Flag Warning, the issuance of a Red Flag Warning does not automatically trigger a Public Safety Power Shutoff.

How does PG&E determine if the power should be shutoff?

PG&E is basing their decision to implement a PSPS on several criteria. These factors generally include, but are not limited to:

- A Red Flag Warning declared by the National Weather Service
- Low humidity levels, generally 20 percent and below
- Forecasted sustained winds generally above 25 mph and wind gusts in excess of approximately 45 mph, depending on location and site-specific conditions such as temperature, terrain and local climate
- Condition of dry fuel on the ground and live vegetation (moisture content)
- On-the-ground, real-time observations from PG&E's Wildfire Safety Operations Center and field crews

Cultural Services Agency Update

Library

On June 7, 2019, the Mendocino County Library in conjunction with the Fort Bragg Branch, will be hosting a special reading of Virginia Woolf's, To the Lighthouse, by Linda Pack at the Point Cabrillo Lighthouse at 6:00 p.m.
